Scouting Ireland Annual Report - 2016

Scouting Ireland is a voluntary, non-formal educational movement for young people.

It is independent, non-political, open to all without distinction of origin, race, creed or gender, in accordance with the purpose, principles and methods conceived by the Founder, Robert Baden-Powell and as stated by the World Organisation of the Scout Movement.

Scouting Ireland encourages the physical, intellectual, character, emotional, social and spiritual development of young people so that they may achieve their full potential and, as responsible citizens, to improve society.

Scouting Ireland achieves its aim through a system of progressive self education, known as the Scout Method, the principal elements of which are:

Voluntary membership of a Group which, guided by adults, is increasingly self-governing in its successive age groups.

Commitment to a code of living as expressed in the Promise & Law, the meaning of which is expanded as the member grows toward maturity.

The provision of a wide range of attractive, constructive and challenging activities, including opportunities for adventure and exploration in the outdoors.

The provision of opportunities for leadership and responsibility.

Learning by doing.

Encouragement of activity in small Groups.

A progressive scheme, which encourages participation in its full range of activities and provides recognition of individual and group achievements.

Symbolic Framework.

2

Chief Scout's Report - 2016

Fellow Scouts,

After serving my first full year as Chief Scout, I am delighted and honoured to present the Scouting Ireland annual report for the year 2015/2016.

Last year in my introduction to the annual report I noted the immense level of activity going on within Scouting Ireland. This year as I travelled the country visiting Scout Groups, I got to witness first-hand the commitment of our Scouters, the enjoyment and benefit that the young people get from taking part in the Scout programme, and the contribution that Scouting Ireland is making to over 500 communities across Ireland. I realise that I have only scratched the surface of what is happening in Scout Groups every week across the Country, but if what I have witnessed is anything to go by the future of Scouting in Ireland is in the strongest position that it has ever been in since its foundation.

Over the last twelve months, we have progressed a number of key projects that have laid solid foundations for ensuring quality Scouting and opportunities for young people going forward.

The Governance Project

Our governance renewal project continues to proceed apace. Charities are expected to operate to the highest ethical and governance standards, and Scouting Ireland needs to face up to the challenges of operating a modern charity and structure, and govern itself so all stakeholders can have confidence in how it operates. The AGM of the National Council passed some significant motions this year regarding the governance project and, following a round of consultations in the Scout provinces, more motions will be placed before the National Council in the coming year. I would encourage everyone to read the various governance resources and fully engage with this project. The changes required at National level will be very necessary to ensure the continued and trusted survival of Scouting Ireland.

Strategy Development

I am delighted to report that the National Management Committee (NMC) has developed a three-year strategy for Scouting Ireland. The strategy, coupled with measurable Key Performance Indicators (KPI) and a rolling Operations Plan, lays a path for how Scouting will be developed and

supported over the next three years.

Growth

We are heartened by the continuing level of growth in Scouting Ireland. During the year we welcomed 1067 new Scouts and 1942 new Scouters into our Movement, and in addition 82 new sections and 7 new Scout Groups. It is our duty and responsibility to ensure that wherever there is a community that would like to develop a Scout Group, we will be there to support it. This year we appointed John Watmore to the new position of Development and Sustainability Co-Ordinator to support this growth. Working together we can ensure that Scouting is offered to every young person that wants to take part and that our support structures are fit for purpose, or adjusted to suit.

"It is clear to see, as I travel the country, that the dedication and imagination shown by our Scouters on a week to week basis is our greatest asset."

Flagship Activities

I was lucky to have the opportunity to attend some amazing National Activities throughout the year. JamÓige, Camp Four, Camp North East, Gosford and of course the camps co- ordinated by the National Scout Centres. These activities give thousands of young people the opportunity

to come together to camp, in the spirit of challenge and friendship. Some of these camps specifically celebrated 40 years of Beaver Scouts and 100 years of Cub Scouts. It never ceases to amaze me to see Beaver Scouts and Cub Scouts in action and watch the instant friendships that develop between young people from all corners of the Country.

Capital Investment

Over the last year Scouting Ireland has invested over €1.3 million in its National Scout Centres. A complete redevelopment of the house in Larch Hill and the National Water Activity Centre in Killaloe is very near completion along with on-going upgrades to our centres in Lough Dan, Castle Saunderson and Mount Melleray. I would encourage all Scout Groups to visit our centres over the coming year. If we can continue to increase the footfall through our centres, that will create more resources to further enhance the already wonderful facilities. Our five National Centres and the local centre network is our 'playground for Scouting' and offers opportunities for safe Scouting like no other venues.

TamboRí 2018

We are now less than two years away from JamboRí 2018. The NMC appointed Kiernan Gildea as the Camp Chief in January 2016 and work has been progressing in this early stage of planning. Stradbally has been selected as the site and I know further information will be available for Scout Groups early in the new Scouting year. The Jamboree will be our flagship activity in 2018 and will further assist us with capacity building as we move towards the World Scout Moot in 2021.

World Scout Moot 2021

Our preliminary planning for the World Scout Moot in 2021 has continued and the AcadaMoot programme has been very successful with Rover Scouts taking part in the cultural exchange with the Scout Association of Japan and the Leadership QQI Awards. We are now focused on putting in place governance and management structures to ensure appropriate oversight is provided on this event.

Partnership Development

This year we initiated a partnership and management development programme for the National Team for Policy Implementation and Co-ordination and the Scouting Ireland Staff Management Team. This programme has assisted with developing the skills and teamwork needed for these groups to work together for the benefit of Scouting. Thus far, the programme has proven to be very successful and the Strategy, KPI and Operation Plan developments are the first major outcomes of this approach. We will be further building on this in the coming year and I have no doubt more great things will be achieved.

"The changes required at national level will be very necessary to ensure the continued and trusted survival of Scouting Ireland."

And so much more...

There are far too many wonderful activities happening around the Country, to name them all in this report. It is clear to see, as I travel the Country, that the dedication and imagination shown by our Scouters on a week to week basis is our greatest asset. I would like to commend all our volunteers for the dedication they show to the development of young people in Ireland.

Looking forward to the year ahead, there are many opportunities for Scouting Ireland to grow, to ensure more young people have the opportunity of becoming Scouts. As the planning of our flagship national activities move into the next phase, I can feel the excitement growing around the Country. If you are interested in getting involved, please make sure you put your name forward, to join the team; we will need you to help make this happen.

I look forward to speaking directly with the County Commissioners on a wide range of topics, but primarily how best we can deliver support directly to Scout Groups.

I believe we have some of the finest volunteers operating for the benefit of young people in Ireland and they support countless hours of fun, adventure and challenge every year. Each Scouter has a role to play in ensuring that the opportunities for young people keep presenting themselves and enabling these Scouts to take full advantage of them. The challenges we face, including membership administration, training, vetting and conflict, are all challenges we need to overcome. It is only by working together and ensuring the most efficient use of our resources that we can deal effectively with these issues.

A big challenge we faced during the year was the resignation of our National Secretary, Jimmy Cunningham. Jimmy will be a big loss to our National Management Committee (NMC) but I would like to thank him for all he has done since first joining the NMC in 2007. We will be appointing a new National Secretary in September 2016 and full elections will be held at the AGM of the National Council in 2017.

During the past year we lost our good friend and former Chief Scout, Michael John Shinnick. Scouting Ireland will be forever indebted to Michael John and his family for the service they have given to Scouting. Indeed, we remember all members that have 'gone home', their loss can only be overcome by the fond memories we hold in our hearts.

Finally, I would like to thank you most sincerely for your continued trust in me, as Chief Scout. I will continue to do my best to deliver on my commitment, to live by the Scout Promise and Law and to work with all our national teams, our Scouting Ireland staff and indeed the wider membership to ensure that Scouting is supported, strengthens and grows and is available to all.

Wishing you continued success on your Scouting Trail and I very much look forward to meeting you at some Scouting event over the coming year.

Yours in Scouting,

Christy McCann Chief Scout

YOUTH PROGRAMME

Chief Commissioner Youth Programme Report - 2016

It has been both inspiring and uplifting, to have heard the thoughts and insights on the challenges that face us in Scouting Ireland as well as your views on how, working together, we can navigate the way forward, towards a better future for Scouting Ireland in assisting the development of our youth members in line with our aim.

The range of challenges and topics covered over the past six years, many of which have come to fruition in the last number of months, with others merely setting the ground work for the next Chief Commissioner (Youth Programme), have been deeply impressive. These projects have and will continue to extend across a wide cross-section of issues and concerns, all in the best interests of our youth members, both present and future. For me it is a source of the greatest hope and confidence in the future, to have worked with young people and adults who have that remarkable ability to think about life in a way, that is liberating, that is inclusive and that has both the confidence and the moral courage, to question the way things are and to set about making them better.

It has been a great experience and honour to have served you as Chief Commissioner (Youth Programme) for the past six years. It has come with its challenges, struggles and stresses, balanced with the immense rewards and energy gained from the enthusiasm and outcomes of having worked with the many amazing young people, Scouters, external organisations and staff.

Ian Davy

Chief Commissioner (Youth Programme) September 2015 – April 2016

Youth Programme: Overview

Youth members and Scouters know a well-planned, challenging programme that balances the various SPICES and utilises all eight elements of the Scout Method gives youth members a positive and memorable experience at every meeting and every activity they participate in. Scouters also know that age appropriate youth participation is the lifeblood of every Programme Section and support structure of our Association. Providing them with a say in how their Programme Section is run at a young age, equips them to run the Programme Section with the support of Scouters as they get older. With the support of the Chief

Commissioner (Adult Resources) and her team, Scouting Ireland is now in a place whereby it is ensured that all of our Scouter colleagues understand the power of strong Youth Programme and meaningful youth empowerment.

With the programme review phase coming on-stream later in 2016, it is imperative that we now begin to measure and understand "impact". This is in order to ensure our offering is sustainable and that it meets and exceeds the varying and vast needs of both our youth membership and an ever changing society.

Scouting Ireland has a support framework for Scouters, which extends beyond formal training. National Office provides practical support to Scout Groups in many ways. The National Youth Programme Committee (NYPC) and its large and dedicated team of volunteer Scouters, supported by the Scouting Ireland Staff Team in the Programme Unit, seek to share their experiences and expertise to help optimise the delivery of ONE Programme in every Scout Group across the island of Ireland.

Programme Review

The Programme Review process was developed this year and has been begun. It is good practice to evaluate the programme and it is in line with the principles of the original programme development process.

Moreover, there is a need for in-built constant evaluation to ensure the continuing relevance and effectiveness of the programme.

The main aim of the review, is to evaluate ONE Programme's effectiveness in achieving Scouting Ireland's aim. With this in mind attention needs to be focused on understanding how ONE Programme functions as a method to deliver Scouting to youth members. We also need to assess Youth Member and Scouter engagement with, and effectiveness of, ONE Programme tools and resources. We need to identify the barriers and pathways to implementation of ONE Programme. In order to address these, a comprehensive research process has been developed.

There are two primary strands to the research for engaging with the experiences and knowledge of youth members and Scouters. The first is a general online survey which is designed to capture a representative sample of sections. This will give us an overview of how the ONE Programme tools and resources are being used, as well as how elements of the Scout Method are present. The second strand will be a series of provincial workshops, which will involve the gathering of more focused qualitative insight into the experiences of ONE Programme. These interactive sessions will explore how sections use ONE Programme weekly basis and will provide in-depth insight into the role of the tools and resources. Together these strands will give us a wide-ranging perspective on ONE Programme, which will guide the work of the NYPC over the next few years.

"Scouting Ireland has a support framework for Scouters, which extends beyond formal training..."

YOUTH PROGRAMME

Youth Programme Initiatives

Lesotho – Lumela-Fáilte

In August of 2016, nine Rover Scouts embarked on their Partnership event in Maseru, Lesotho. The event was the culmination of nearly 4 year's work building a partnership with Scouts in Lesotho. The partnership is based on a model of sustainable growth and development that will help the Scouts in Lesotho to grow as an Organisation and it will further our knowledge in Ireland of the need for Development Education. The project gave the Irish Rover Scouts an opportunity to work together with Rover Scouts in Lesotho to develop their National Campsite as a base from which to operate. In addition to work on the campsite, the group also engaged in educational work with the local school. This event, however, was primarily a cultural challenge. The Rover Scouts saw for themselves what life in Lesotho was really like and not just based on what the people there lacked. The group planned their own

travel arrangements and built in time for a little rest and relaxation in Johannesburg on the way home. This trip also laid the foundations for a further trip next year. Friendships were formed and knowledge gathered. The Rover Scouts will now act as ambassadors for the project and bring Development Education to the membership in Scouting Ireland.

Refugee Access Programme

Venture Scouts in Dublin got involved in a partnership project with the City of Dublin Educational Training Board (CDETB) and the Separated Children's unit. This was a peer learning project that saw the Venture Scouts working with other teenagers and learning about migration to Ireland, first hand.

The project was built over three blocks, which culminated in a joint camp in July. The Venture Scouts saw the cultural challenges that exist but developed their own methods to get around them. Language was also a big barrier, but the Scout Method of Learning by Doing, made it much easier to work together. The Camp in July also got a lot of publicity and included visits by Newstalk and the Irish Times. We were also delighted to welcome to the camp, a number of public representatives including Minister of State, David Stanton. This Programme will continue again next year with plans to build on the success of this year.

STEM Programme resources

The aim of this project is to create a definitive resource of Science, Technology, Engineering & Mathematics (STEM) based materials for youth members and for Scouters, which will facilitate their engagement with these subjects 'outside of the classroom' in a fun, non-formal environment. Scouting already provides activities in STEM related areas, and has done so for many years. They have not been 'packaged' as such, but offered more as fun things to do and learn about. STEM packs were produced that focused on highlighting the programme opportunities that exist. These packs were made up of eight, theme-based, wall posters supported by an extensive website that contained further handbooks and programme ideas. The wall posters were sent to all Group Leaders for passing on to sections. STEM based activities, bases and programme points, were created at many local and national events. Scout Groups also participated in Tech Week and other technology and science based events in local communities.

beaver scouts

Programme Commissioner (Beaver Scouts)

The Beaver Scout Team has been focused on assisting Scouters with running an active programme that helps Beaver Scouts take appropriate ownership of their Colony. Several key initiatives were developed to help Scouters and Beaver Scouts use the Fox Lodge and other programme tools, to plan, do, and review, a youth-led programme.

"The 40th Anniversary of Beaver Scouts in 2016 was also a major focus of our work this year..."

The 'How To' book for the Beaver Scout section was produced with the support of the Programme Unit. It is designed specifically to give practical advice to Colonies on running a Beaver Scout Programme. Supplementing this, the team ran a series of ONE Programme workshops,

which showed Scouters how the different parts of the programme fit together.

The other main initiatives were the Beaver Scout Sleepover, Peace Light 2015, "Beaver Scouts on the Hills", "SPICES in their Hands" and camping resources. All of these tools were designed to give Beaver Scout Colonies support that will encourage them to take on new adventures.

The 40th Anniversary of Beaver Scouts in 2016 was also a major focus of our work this year. Firstly, we had the 'Meet the Chief' activity around National Council where 40 Beaver Scouts had a sleepover, with a guest appearance by Christy McCann, Chief Scout and all of these Beaver Scouts helped to open National Council. Then, in June, as part of JamÓige, there was a special mega Birthday Party to celebrate the Centenary of Cub Scouting and the Beaver Scout Anniversary. The team started the development of a locally based initiative to happen towards the end of 2016 allowing every Colony to mark the Ruby Anniversary.

CUB SCOUTS

Jam Gize 20

Scout symbolic framework to create an amazing event. We had huge celebrations to mark the centenary, including a giant birthday party with lots of cake, many thanks to the JamÓige Team. The International Pen Pal programme was launched during the camp also. Plans have also been put in place for all our Cub Scouts and Scouters to renew their Promise on the 16th December 2016. This will be 100 years to the day that Cub Scouts first started.

The Cub Scout Programme Team have been working on developing communications, to ensure that they are in contact with Scouters directly. We have significantly increased our Facebook profile and are launching our Cub Scout Programme Team Twitter feed soon.

Programme Commissioner (Cub Scouts)

2016 is the Centenary of Cub Scouting. This presented us with a unique opportunity to celebrate the role of this section in our organisation and internationally, while also reflecting on the rich history and tradition of Cub Scouts. More importantly, it encouraged us all to ensure that Cub Scouting will grow from strength to strength for another 100 years!

The highlight of the past year has been the JamÓige camp in Pallaskenry over the June bank holiday weekend. More than 2,000 Cub Scouts attended, engaging in an active programme, which combined adventures and the Cub

"The highlight of the past year has been the JamÓige camp in Pallaskenry..."

SCOUTS

Programme Commissioner (Scouts)

The focus of the Scout Programme Team over the past year has been on the encouragement of the Patrol System in all Scout Troops. It is important that we ensure the Scout Method is central to how we run youth programme. This means that Scouts are supported in developing their teamwork and leadership skills in small groups. Through our national activities and regular resources, we have emphasised the significance of an active programme based on Patrols.

One of the main ways in which the Programme Team has tried to support local Scouting is through the production of resources. These were intended to facilitate Patrols in running activities that help Scouts progress in their Crean Awards and other badges. We have ensured that all parts of the Crean Awards are fully resourced and Patrols have a selection of adventures to choose from. In addition, our skills cards have shown the importance of practical Scouting skills and the importance of using these as a means of developing a challenging youth-led programme.

Our National Activities are designed to act as tools to enable participating patrols to challenge themselves and meet with Scouts from across Ireland. They are also templates for the types of activities that Scout Counties and Scout Troops can plan and run locally. The Patrols in Action camps (Camp FOUR in 2016), Survivor and the Phoenix Challenge offer opportunities for Patrols to work independently and to put their Scouting and teamwork skills into practice. The increasingly popular POW: Patrol Online Weekend encourages local Patrols to develop their IT skills through practical projects and sharing their adventures online. The very active hillwalking calendar, including Patrol Expedition and Kamp (PEAK), Mountain Pursuit Challenges (MPC's) and the Sionnach Adventures, present applied learning activities for Scouts.

"Our National Activities are designed to act as tools to enable participating Patrols to challenge themselves and meet with Scouts from across Ireland."

ventures couts

Programme Commissioner (Venture Scouts)

The work of the Venture Scout Programme Team has been guided by the need to provide practical supports through resources and events for Venture Scout Units across Ireland. At all times, we were guided by the variety of Venture Scout Units operating and the requirements of these sections. The main focus has been to show how the Venture Scout programme can be used and tailored to suit the needs of your Unit.

The Team produced a series of resources, which were designed to show Venture Scouts how to run activities. while also integrating different parts of the programme. To support these resources, we also helped develop the new 'How To' booklet and ran a series of programme workshops across the Country.

National Activities continued to be an important way for the Venture Scout Programme Team to support Venture Scout Units. Our calendar of activities presented Venture Scouts with new and relevant adventures, such as Venture Challenge, Tri-Zone and Mountain Havoc. These events also allow Venture Scouts to develop friendship networks across Ireland and encourages them to meet up with and share camps and expeditions with other Venture Scout Units. The new Venture Scout Team are planning to develop and add to these events to ensure that they continue to meet the needs of the section and the 15-17 year old age range, including the V-Celebrate, The AdVENTURE Race and the MJ Venture Sword.

"The Team produced a series of resources, which were designed to show Venture Scouts how to run activities..."

rover scouts

Programme Commissioner (Rover Scouts)

The mantra of the Rover Scout Programme Team is 'Rovers for Rovers, by Rovers'. This simple idea is designed to make Rover Scouts active in deciding how their programme is run and how it will evolve in the future. The Rover Scout Team with the Rover Scout Youth Reps and the Rover Network has developed activities and other supports to assist the advancement of the section.

Given the numbers of Rover Scouts nationally and their dispersed nature, National Activities remain one of the key ways that the Programme Team can support the section. The first gathering of Rover Scouts nationally was Rover Focus, the Rover Scout part of the National Youth Forum, which was facilitated by Rover Scouts in NUIG, who coordinated the event along with help from the National Rover Scout Reps. There were over 100 Rovers in attendance and what made the event even more special was that, for the first time, the Chief Scout attended the event.

The Explorer Belt in Italy was a great success, with nine of the eleven participating teams receiving their Belts. Our annual tent pitching service at Electric Picnic 2015, one of the largest festivals in Ireland, was a great event to promote Scouting and to raise money for the Rover Action Week (RAW) fund.

"The Explorer Belt in Italy was a great success, with nine of the eleven participating teams receiving their Belts..."

We look forward to working with Rover Scouts on the ongoing development of their crews.

The Programme Review process will be very important for this and will direct the work of the Rover Scout Programme Team over the next few years.

SER SCOUTING

Programme Commissioner (Sea Scouting)

It has been a very active year for Sea Scouting, with a number of local and national projects highlighting the continuing strength of this tradition in Scouting Ireland.

Charge Certificate Training

Over the past year Sea Scouting has been focusing on the Charge Certificate courses available to Scouts and Scouters wishing to undertake water borne activities. This focus centred around updating the courses and making them relevant and accessible to all. The Charge Certificate Course is open to all Scouts aged 14+ and Scouters. When awarded, this qualifies the participant to supervise a crew or crews for sailing, rowing and power boating.

'Try' series

During 2016 many Scouts and Scouters took the opportunity to use the resources in the 'Try' series, taking the opportunity to Try Paddling and Try Sailing for a fraction of the cost normally charged through affiliates of the Irish Sailing Association and the Irish Canoe Union.

Partnerships

In 2016 we further developed our partnership with the Irish Naval Service and a Liaison Officer has been appointed to expand the link going forward. We continue to foster a strong relationship with Sail Training Ireland and we hope to continue to forge and expand on these links. The Irish Sailing Association, the Irish Institute of Master Mariners, the RNLI, Canoeing Ireland and Waterways Ireland, are among the partners we continue to work with on an ongoing basis and we are proud to include them in our work towards our goal of safer water activities.

"In 2016 we further developed our partnership with the Irish Naval Service..."

Going Afloat

Safety on the water is paramount for us. Scouts and Scouters are asked to read and understand the Boating Guidelines, prior to any activity on the water. We have started to work on revamping these Guidelines into bite sized pieces to ensure they are available and easily understood by all. For any questions or queries in relation to the activities on the water please contact seascouting@scouts.ie. The Boating Guidelines are available on my.scouts.ie website.

YOUTH PROGRAMME

Adventure Skills

In the past 12 months the Adventure Skills teams have been concentrating on delivering the first draft of requirements to the Training Team for the new Adventure Skills training scheme. This has required a lot of effort on the part of all the teams.

In addition, the teams have been involved in spreading their skills base by running training and assessment weekends (Mountain Moot, Rescue & Emergency Care, Backwoods) and facilitating individuals, who need assessment for the higher levels of the Adventure Skills.

The teams are focused on their objectives, which are:

- 1. Delivery of the first round of training material for the adventure skills courses and assisting the training team, in so far as possible, with the implementation of these schemes.
- 2. Delivery of Adventure Skills specific resources in levels 1-5 to help Scout Groups with the delivery of programme.
- 3. Building strong teams, to enable the training and assessment of Scouters and Scouts in the various Adventure Skills and raising awareness of Adventure Skills in the Association.

"...teams have been concentrating on delivering the first draft of requirements to the Training Team for the new Adventure Skills training scheme."

None of this is possible without some dedicated and skilled team leads for the various skills. In this I need to thank the outgoing team leads for their dedication and work: Greg Boyd (Air), Daniel Kennedy (Paddling), Willie Aherne (Camping), Andy O'Connell (Rowing), Pat O'Connor (Pioneering) and Deirdre Byrne (Hill Walking).

In addition our thanks also go to the following team leads who are remaining in their roles: Mick McGrath (Backwoods); Niamh McLain (Emergencies) and Ciaran Bradshaw (Sailing).

Deirdre Byrne was appointed to the role of Adventure Skills Programme Commissioner in June and is continuing the work to ensure that Adventure Skills are developed and delivered effectively at local level.

Support

Pauline Lucas was appointed to this role in June and she welcomes the opportunity of working through the Provincial Youth Programme Co-Ordinators (PYPR) and with the County Programme Co- Ordinators (CPC) all over the Country. All of the Programme teams have developed workshops that will be rolled out with the CPCs to ensure supports are local, effective and targeted for every section in their Scout County. Effectively being the Patrol Leader of the PYPR's it's one of the BEST roles in Scouting. Each of the six of them are passionate about programme, dedicated and committed and are a pleasure to Scout with.

Development

The Development Programme Team is focused on ensuring the holistic development and implementation of Youth Programme in Scouting Ireland. Given the broad remit of Youth Programme and the large number of teams operating in the area, the Development Team acts as a co-ordinating group to ensure a focused, collaborative, and balanced approach. The Team works in conjunction with other teams to offer support and advice in the operation and dissemination of local and national initiatives.

Since the appointment in June, of the Programme Commissioner (Development), the team has concentrated on putting in place processes to facilitate the Youth Programme Team in working together to achieve our shared objectives. Together with the other Programme Commissioners and Team Leads, they have developed a shared plan to support the delivery of quality youth-led programme in Scout Groups. The Development Programme Team have focused on a range of projects, including:

Resources: The Development Team is responsible for co-ordinating and standardising the Youth Programme resources. Each Section Programme Team produces a monthly resource, while the Adventure Skills Teams and other Teams also create regular resources.

Better World Framework: The Development Team is responsible for the implementation of WOSM's Better World Framework initiative, including the Messengers of Peace Award, the World Scout Environmental Badge and the Scouts of the World Award. In conjunction with the Section Programme Teams, the International Team and the Programme Unit, they have developed Scouting Ireland's adoption of the Framework and the integration of the elements into ONE Programme, through the Personal Progressive Scheme of each section. Mary-Elizabeth McGrath is the team lead for this project.

Communications: Together with the Communications Team, the team has been focused on fully utilising and progressing our communications channels to disseminate Youth Programme initiatives and resources to as many youth members and Scouters as possible.

There are numerous other on-going small projects and initiatives being developed to support youth programme, including planning/reviewing approaches, positive Scouting and educational approaches.

"All of the Programme teams have developed workshops that will be rolled out with the CPCs to ensure supports are local, effective and targeted for every section in their Scout County."

Whole Health

Whole Health is another focus of the NYPC over the past year. The Whole Health concept should be seen as an encompassing idea that centres around the whole or complete health area, this includes body, mind, diet and fitness. A young person will go through many changes in life and these changes are sometimes not easy to cope with. Feelings and anxieties can be heightened and the changes in their bodies can also be a worry or concern. Developing appropriate relationships, friendships and moving from childhood to teenage years can be challenging for some young people. These continue to be a challenge, which we are aware of as an Association.

The Whole Health Area focuses on building resilience through its programme. It is important, if not critical, that our youth members learn to be able to cope with life's ups and downs. With this in mind, we are also focusing on how Scouters can develop and be mentors to our youth members to help them through these challenges. We will continue to develop resources and supports in these areas.

YOUTH EMPOWERMENT

Youth Empowerment

Youth Empowerment is central to Scouting. It is inherent in the way we 'do' youth programme. The aim is to facilitate the development of young people by increasingly giving them the skills and opportunities to take on personal responsibilities and leadership roles. The Youth Empowerment Team acts as a focus for this work on the NYPC. Until May 2016, it operated as a Programme Team with a Programme Commissioner who ensured that the idea was highlighted fully within Scouting Ireland. It was felt after this work was done it was best to emphasise Youth Empowerment in local Scout Groups, through the small group system in each section. The new Team, under an appointed Team Lead, who sits on the NYPC, works with the section Programme Commissioners and others to develop this aspect of our programme.

In addition, this Team supports the work of the National Youth Reps. The meeting of the National Youth Representatives, collectively consisting of the 27 elected National Youth Representatives, has been facilitated by the team, focusing on creating a Scout friendly environment where the National Youth Representatives are supported in carrying out their roles. The team has met throughout the year and has facilitated the National Youth Representatives in being creative and diligent in their roles. Supporting them where they needed it and encouraging them to lay their own path.

Youth Reps

The Youth Representatives for Scouts, Venture Scouts and Rover Scouts have been especially active...

National Scout Reps

The National Scout Youth Reps have done a lot this year. They have completed a number of different projects and also helped develop a lot of ideas, especially those that came from the National Youth Fora in January 2016. They started off their year with their training weekend in Donnybrook. This involved workshops on communications, diversity and inclusion and what they do as National Scout Reps. This weekend was very informative and also allowed them time to think of projects they wanted to complete throughout the year and decided what teams they would be involved in (NYPC, Communications, International and Youth Empowerment).

Eva and Emily spoke at National Council, on two motions, on behalf of the National Scout Reps. The Youth Reps also ran a youth empowerment stall at National Council, where they handed out acronym cards to the members of National Council. On the International Team, they helped develop sections of the website, promote Jamboree on the Air & Jamboree on the Internet (JOTA/JOTI) and also worked on the role of a youth rep. On the Communications Team, they mainly focused on the development of the website and attended content camps at the Phoenix Challenge and also at Camp Four. On the NYPC, they attended all the meetings and voiced the youth opinions on any matters that came up.

Additionally, the National Scout Reps completed/started a number of different projects which included a rural Scouting support initiative; this involved including Scout Groups, who are from a rural area and may not have the resources/people to complete their Scouting experience

fully. Also other projects included a uniform review, mental health awareness project, Scout open-day resource and quality Scout experience camp. They attended a number of separate activities such as the Phoenix Challenge, Camp Four and The Star Scout Show.

National Venture Scout Reps

The National Venture Scout Reps were active voices at National Council where they spoke on motions, but also helped Venture Scouts, who were representing their Scout Counties and Scout Groups. The Reps also had full Venture Scout representation at the meetings of the NYPC by operating a rotation system. They were welcomed by the team and decided that the role of the rep needed to be defined. This is one of two projects they have been set by the NYPC to work on.

They also had the Venture Scout Reps working alongside the Communications team to develop the Venture Scout content for the new website. They also had setup a Facebook page, which allowed Venture Scouts from all of our Scout Provinces to share content Ideas for venture videos. They had representation on the International team working alongside the International Commissioner and attended meetings, where they were also given a number of tasks to complete throughout the year

Several of the National Venture Scout Reps were in attendance at this year's Dublin Pride parade to support the LGBTQ+ community of Scouting Ireland.

National Rover Scout Reps

It all began at Rover Focus in January of this year. The newly (and not so newly) elected Rover Reps started their journey to what turned out to be quite an action packed

year. Their first event as reps was the National Rep Training; an opportunity to find out what they would be doing for the year and how they were going to do it. It was also a chance to get to know the Scout and Venture reps. At National Council the National Rover Scout reps engaged by arguing for and against motions relevant to their section and used their votes appropriately

In April of 2016, Shauna Halpin and Colin O'Reilly attended Agora, a European Region Rovering event, in Madrid. Under the theme 'Bringing Colour Back into the World', Rover Scouts discussed European Citizenship, Youth Empowerment and looking forward to Roverway 2016. The Overture Diversity Network took place in Rieneck, Germany in May and was attended by Aisling Bonner. Delegates from National Scout Organisations all over Europe were in attendance to discuss what their Associations are doing in relation to diversity and inclusion.

Other activities attended by the National Rover Scout Reps included the Star Scout Show, LGBTQ+ Pride events in Dublin and Cork, Scouting Ireland's Refugee Access Programme, Electric Picnic and continued attendance at NYPC meetings. As a Rover Rep, Trudie Mitchell contributed to the work of the International Team.

"The aim is to facilitate the development of young people by increasingly giving them the skills and opportunities to take on personal responsibilities and leadership roles."

YOUTH PROGRAMME

Thanks to all of the members of the NYPC, both outgoing, continuing and new, who have committed considerable time, energy and passion into the development of our programme.

Particular thanks go to the outgoing members of the NYPC who stepped down following the election of a new Chief Commissioner (Youth Programme):

lan Davy - Chief Commissioner (Youth Programme)
Karen Free - Programme Commissioner (Beaver Scouts)
Joe Boland - Programme Commissioner (Cub Scouts)
David Shalloo - Programme Commissioner (Scouts)
Trish Blake - Programme Commissioner (Venture Scouts)
Lucy Kay - Programme Commissioner (Rover Scouts)
Stephen Taylor - Programme Commissioner (Sea Scouting)
Pauline Lucas - Programme Commissioner
Niamh Donnelly - Programme Commissioner (Youth
Empowerment)

Thanks also to their teams, to the various representatives from the Scout Provinces and Youth Forums, and to all those teams and individuals that directly supported delivery of youth programme, national activities and initiatives.

YOUTH & ADULTS WORKING TOGETHER

In June 2016, the NMC appointed the following members to the National Youth Programme Committee:

lan Feighery - Programme Commissioner (Beaver Scouts)
Rory Murphy - Programme Commissioner (Cub Scouts)
Úna O'Grady - Programme Commissioner (Scouts)
Glenn Webster - Prog. Commissioner (Venture Scouts)
Ruairí Nealon - Programme Commissioner (Rover Scouts)
Gearoid O'Riain - Prog. Commissioner (Sea Scouting)
Deirdre Byrne - Prog. Commissioner (Adventure Skills)
Pauline Lucas - Programme Commissioner (Support)
Richard Scriven - Prog. Commissioner (Development)
David Kenneally – Team Lead (Whole Health)
Conor Murray – Team Lead (Chief Scout's Award)
Jim McIlduff – Team Lead (National Activities)
Katie Spillane – Team Lead (Youth Involvement &
Empowerment)

Everyone who has committed their time to developing and supporting our Youth Programme is worthy of our considerable thanks and praise for all that they have done.

David Shalloo

Chief Commissioner (Youth Programme) April 2016 – August 2016

9 HAO (2)

Report of the Chief Commissioner Adult Resources - 2016

It is with pleasure that I present my report for the year to 31st August 2016, this report will cover the following:

- » New Training Scheme
- The work of the National Adult Resources Committee (NARC)
- » Code of Good Practice
- » Fellowship & Recharge
- » Adult Awards
- » Training Report
- » Mutual Agreement & Review
- » Supporting Adult Volunteers (Mentoring)
- » Recruitment
- » Scouters' Conference

Training

Provincial Trainers

The Provincial Training Co-ordinators and the Provincial Trainers Panel have exceeded all expectations in managing to deliver Training across the Country to exceptionally high numbers. Each of the Provincial teams is owed a debt of gratitude for their achievements over the past year. Special thanks to the Provincial Training Co-ordinators who work tirelessly to ensure that training is being delivered in their Provinces. The number of Scouters attending training experiences reached a new high as Scouters endeavoured to complete to Stage 6 before the transition to the new scheme. As always the byword being "Training delivered locally to a national standard".

Training Review

The Review Team, under the leadership of Chris Kearns, continued the great work and in the Spring various teams within the Review Team rolled out the Story of Scouting - e-Learning, the Story of Scouting - Interactive and the Being a Scouter courses. As if that was not enough, linked to all this was the associated projects under their remit including the induction process for new Scouters and Safeguarding online for Rover Scouts and Associate

members. A huge thank you to all the core team and to the Scouters who contributed to these and all other Training projects over the last year. The Review Team made presentations to all the Provincial Management Support Teams right across the Country. Communications via national mailings became a regular feature to ensure all Scouters were up to date with the Implementation plan.

Train the Trainer

Autumn 2015 and Spring 2016 saw 27 participants involved in the Train the Trainer programme. All participants got the opportunity to show their true potential and by now are welcome and valuable additions to the Provincial Trainers Panels. This course will be an annual event as we strive to develop the capacity of the panels.

GL & Commissioner Training

The programmes for both the Basic and Advanced Group Leader/Commissioner Training courses were ratified after a number of pilot courses. This team, led by Bernadette Rogers, has delivered a fit for purpose course which will develop and enhance the skills required for this important management role. Courses have been hosted in the South East, Northern, Southern and Dublin Scout Provinces

Trainers briefing days

A number of days (4 in total) were scheduled for Trainers to assist with their on-going training and to familiarise them with the new training scheme. Trainers from all over the Country engaged with the process. Additional days were spent on familiarising trainers with the content and materials used on the 'Being A Scouter' and 'Youth Led Programme' courses. These proved very successful. This was part one of engaging in the scheme for those who would deliver these strands.

Implementation & Roll out phase

Originally we were to roll out the new scheme in January 2016, but in response to a huge amount of requests we continued to run the previous training scheme and we extended the phasing period. The requests for Stage 2 and Stage 3 courses exceeded all expectations and indeed requests for Stage 6 continues. Between September 2015 and May 2016 404 participants attended Stage 6 courses and it is anticipated that a further 585 participants will have completed Stage 6 courses by the end of 2016.

"The Provincial Training Coordinators and the Provincial Trainers Panel have exceeded all expectations in managing to deliver Training across the country to exceptionally high numbers."

In April 2016, Being A Scouter was launched with courses scheduled up to the end of 2016. The Story of Scouting - eLearning and Safeguarding online became available in May 2016 and The Story of Scouting - Interactive became available in August 2016. The changeover to residential delivery has caused some issues for people, however, the majority of those who have attended have commented on the positive side of this one overnight. Work continues on the other strands within the scheme and roll out of Youth Led Programme begins in February 2017 and Scouting Together shortly afterwards.

I would like to take this opportunity to thank the Training team, the 6 Provincial Co-ordinators, the programme representatives and the team administrator for their continued commitment, help and support. Without their interest and dedication to training nothing would be possible. To the Provincial Training Co-ordinators and their Training panels, I can only say thanks to you for a job well done on all that was achieved over the last 12 months, it's incredible to think that this body of work was delivered by teams of Trainers, all volunteers and who, in the main, are section Scouters themselves.

National Adult Resources Committee

The function of the National Adult Resources Committee (NARC) is to support the 12,500 adults in Scouting Ireland. They do this through a number of ways:

- » In conjunction with the Training Commissioner and the Training Team, we monitor and co-ordinate the training of Scouting Irelands adults.
- » We develop policies and documents for discussion and bring them to the NMC for approval.
- » We work very closely with the NYPC, supporting them in the delivery of programme events.
- » e.g. JamÓige, the Phoenix Challenge and Founder's Day.
- We oversee Recharge and the Scouters' Conference.
- We support Trail Day.
- » We provide a phone in service on Monday nights.

 $\mathbf{6}$

ADULT RESOURCES

30th January 2016 saw another productive refresher day for our Child Protection Trainers. Our opening speaker was Julie Ahern from the Children's Rights Alliance on the report from the Irish Government on the UN Convention on the Rights of the Child in Geneva a few weeks earlier. Louise Monaghan updated us on vetting, training and the Children First Act on behalf of the National Youth Council of Ireland. We worked on some e-safety video clips to help Scouters, parents and young people understand the risks posed online. Our Training Commissioner, Gay Davoren, updated us on the new training scheme, which has been reviewed over recent years. We look forward to continuing annual refresher days and thank all of our Child Protection Trainers for their ongoing time and commitment.

Shaun Greaves, Head of Learning and Delivery with SCOUTS New Zealand visited for a week in June and was very interested to attend one of our first new, Being A Scouter training weekends in Mount Melleray Scout Centre in Waterford. He took great value from the National Youth Council materials and from the various Scouting Ireland Staff and volunteers he met during the week, finishing with a trip to the sunny opening day of JamOige in Pallaskenry.

Scouting Ireland commenced e-vetting in the Republic of Ireland in July and we are pleased to report a successful operation of this new system with the support of An Garda Síochána with most results returned in a week or so. Access NI online also continues to return results in one or

The latest update of the Code of Good Practice is underway in anticipation of the commencement of mandatory reporting under the Children First Act 2015.

"Scouting Ireland commenced e-vetting in the Republic of Ireland in July..."

Positive Scouting workshops and refresher child protection awareness training continues. With ongoing support and assistance from An Garda Síochána we continue to roll out E-safety to help our members face the challenges of increased

sexualisation of young people and of ensuring Scouting gives them time and space away from the online world, where they increasingly live and interact with the world.

Fellowship & Recharge

Last year saw the biggest attendance at Recharge in Castle Saunderson. In excess of 250 Adults were in attendance, taking part in fun activities and workshops. The Charity auction raised nearly €2,000 for the Irish Cancer Society. This is an ideal opportunity for Scouters to renew old friendships and meet new friends. I would like to thank all of the staff at Castle Saunderson for their continued support of Recharge.

I would like to remind you of the Fellowship Network. This is an ideal opportunity for Scouters to continue to contribute to Scouting. All members of Scouting over the age of 18 can be a member of the Fellowship Network.

Adult Awards

One of the most pleasant roles I have as Chief Commissioner (Adult Resources) is being chair of the National Adult Awards Committee. The committee met three times during the year and the deadline dates for award nominations were 31st December, 31st March and 31st August. It is really nice to say a big "Thank You" to our members and Scouting Ireland use Service, Merit and Honour awards to do this. Last year's recipients are listed in the appendices at the back of this report.

Adult Resources Publications

NARC has put together a number of very useful booklets.

These booklets are:

- » Adult Training Standards This booklet outlines all of the training for adults within Scouting Ireland.
- » Welcoming Adults to Scouting This booklet outlines how we welcome new adults to Scouting and covers the induction process.
- Working Together for the Team This booklet outlines, in a simple step by step way, how to carry out the Mutual Agreement & Review.
- Supporting Adults Volunteers This booklet explains the importance of ensuring that all adult volunteers are mentored as well as an easy to follow process on how this is done.

Scouters' Conference

The third in a sequence of Scouters' Conferences, jointly hosted by the Chief Commissioner (Adult Resources) and the Chief Commissioner (Youth Programme) was held in Tullamore in November 2015. Once again this conference brought together a very committed group of Scouters, Group Leaders and Commissioners to engage in a range of workshops and seminars that impact Scouting on the ground. Areas covered included: Governance; Roll out of the New Training Scheme; Supporting Special Needs in a Scouting context; Effective Communications and many more. This conference is an ideal opportunity for Group Leaders and Commissioners to up-skill on the many areas they deal with on a weekly basis.

Thank You

It is a real pleasure to work with a very committed team of Scouters on NARC. Their commitment to Scouting is really humbling and I thank them for their support and friendship over the last, very busy, year.

Thérèse Bermingham

Chief Commissioner (Adult Resources)

Report of the Provincial Management Support Group 2016

Local Scouting is where the action is in Scouting Ireland! Every week, thousands of young people meet in Scout Dens, community meeting places, in campsites or along a river or mountainside. They gather together with a common purpose; to develop our young people and give them the chance to explore, create and begin the adventure.

Local Scout Groups support each other as part of a Scout County. In turn, the Scout Counties are supported as part of a Scout Province. In September 2015, the Provincial Management Support Group (PMSG) re-formed to coordinate the work of the six Scout Provinces and harmonise the support offered by each Scout Province. The PMSG is made up of the six Provincial Commissioners, the Provincial Support Officers (PSOs), the Chief Scout, the Chief Executive Officer and the Manager (Support Functions). During the year, the group expanded to include the National Secretary and the National Treasurer.

The development of new Scout Groups and new Programme Sections within existing Scout Groups is one of the key areas managed within the Scout Province. The introduction of the new Training Scheme has brought changes to that process and the PMSG revised how these new Scout Groups and new Programme Sections were opened. This has led to the creation of the new role of Development Co-ordinator and the appointment of former Provincial Commissioner, John Watmore, to the role. John and team will look at all opportunities for the development of Scouting and ensure that our resources are prioritised to give the best opportunity for more young people to join.

During the year new Scout Groups opened: 7th Galway (Gasóga na Mara), 6th Mayo (Cushlough), 22nd Wexford (Oulart), 1st Port (Ringsend) and 4th Meath (Oldcastle).

New sections opened in 2/6/47/93rd Cork Douglas & St. Finbarres (a 4th Beaver Scout Colony & a Cub Scout Pack), 16th Cork Mizen (Venture Scouts). 142nd Dublin Esker (Scouts & Venture Scouts), 25th Dublin Mt. Merrion (Beaver & Venture Scouts), 115th Dublin Balinteer (Scouts & Cub Scouts), 4/5/129/190th Dublin (Scouts), 14th Dublin Ballyroan (Beaver Scouts), 36th Dublin Rathmichael (Rover Scouts), 19/36th Dublin Phibsborough (Venture Scouts).

"When they come together, they do so with a common purpose, to develop our young people and give them the chance to explore, create and begin the adventure."

To all of these new Scout Groups and Programme Sections, as well as all new members, welcome to Scouting Ireland!

Training is delivered in each of the Scout Provinces and this year has seen the start of the winding down of the old scheme (with a huge rush of Scouters on training courses as if training was coming to an end!), and the introduction of the new scheme. Of course it's not, and the new courses have received very positive feedback from those who have participated. The roll out over the coming year will give the opportunity to more Scouters to experience the new scheme and to spread the word to people to book on courses. Our thanks must go to the dedicated Trainers and Provincial Training Co-ordinators (PTC's) who give a huge amount of time to see others benefit from Scouting, whilst also juggling roles such as being Programme Scouters themselves.

Local Scouting has seen significant investment during the year with the opening of the new Scout Den in Portmarnock and the commencement of the major refurbishment of the Sea Scout Den in neighbouring Malahide. Improvement works also took place in Fota Island Campsite and at the house & campsite in Kilcully. The Southern Provincial office has now moved into Kilcully and the building also offers a Training Room for courses. Land was acquired from Coillte for a new Campsite in Galway and 9th Mayo (Claremorris) have acquired a new Scout Den. The North Eastern Province began construction of a Log Cabin at Castle Saunderson as a legacy project at Camp North East. These are a huge investment in local Scouting and over the coming years the rewards will be reaped, because of the hard work and dedication of the Scouts, Scouters, Scout Groups, Scout Counties and Scout Provinces, who undertook these projects. Congratulations to all involved.

Programme never stops in Scouting Ireland and the support from the Scout Provinces and Scout Counties of local programme, is vital. In addition to participation in local and Scout County Programme, many Scout Groups were very keen to support National Activities such as The Phoenix Challenge, Camp FOUR and JamOige. Thousands of Cub Scouts and Beaver Scouts were under canvas on the June Bank Holiday weekend at JamOige in Pallaskenry, Co. Limerick, CastleJam in Castle Saunderson and the annual Cub Scout Camp in Larch Hill. That number of young people under canvas at the same time was a sight to behold and will only give them a small taste of what is yet to come at JamboRí 2018 and the World Scout Moot 2021!

In addition, there were Provincial Events such as Camp North East 2016 for Scouts & Venture Scouts, taking place in Castle Saunderson and the new Beaver Challenge taking place in the South East Province. Congratulations go to the 80th Cork (Little Island) on winning The Phoenix Challenge in Mount Melleray and to all teams who participated at this year's event - as well as Gosford Provincial camp, which took place in the Northern Province.

The support of local Scouting is the primary focus of each of the Scout Counties and the roll out, this year, of the new Quality Scouting Experience (QSE) tool is making great strides in this effort. Scout Groups who have used the tool took time out to focus on the real priorities of the members of the Scout Group and put in place a development plan based upon this. This roll out is well underway and Scout Groups should talk to their County Commissioners and PSO's to book their date for using QSE if you haven't already done so.

The PMSG would like to acknowledge and thank the County Commissioners and their team members who have completed their terms during this year. We would also like to welcome those who have taken up appointments or been reappointed during the year. They join a very dedicated group of County Commissioners and Scout County Teams who are continuing in their roles and we will do everything we can to support them in what they do.

The Dublin Scout Province had an increased attendance at this year's Provincial Youth forum. A full complement of Youth Reps were elected all of whom attended the National Youth Forum. CPC and CTC programme seminars and workshops were run throughout the Province. Some of our Venture Scout Sections were heavily involved with the Scouting Ireland Refugee Programme.

The Northern Province conducted its registration of Groups with the Charity Commission for Northern Ireland (CCNI) and ran a cross community, equality & diversity program (CRED) during the year. The Youth Fora team ran a small grants scheme and at the Fora they covered topics such as depression and networking.

We welcomed Joe Doherty as the new Provincial Commissioner in the Western Province as we said farewell to Brian Webster who stepped down at the start of the year. Thanks to Brian for all his work during his term and welcome to Joe as he takes up the mantle.

The PMSG will do its upmost to deliver the best support we can to local Scouting. Our next challenge is the support of the registration process of Scout Groups as charities and when the date for registration is known we will do our best to make this as smooth a process as possible. We look forward to supporting many more Scouts and Scouters on their journey in the year ahead. On behalf of the PMSG:

James O'Toole

Provincial Commissioner (North Eastern Scout Province)

Chris McSweeney

Provincial Commissioner (Southern Scout Province)

Kieran McCann

Provincial Commissioner (Northern Scout Province)

Mark Blake

Provincial Commissioner (Dublin Scout Province)

Kevin Murphy

Provincial Commissioner (South Eastern Scout Province)

Joe Doherty

Provincial Commissioner (Western Scout Province)

2

NSRAP

Report of the National **Spiritual & Religious Advisory Panel Chairperson -**2016

This year saw a continuation of the work from previous years, the momentum for this came from the work on introducing a further alternative Promise. This work allowed the Association an opportunity to talk about the place of Spirituality in Scouting. It also allowed the National Spiritual & Religious Advisory Panel a chance to review its role and how best to support Scouting. The two outputs of the Panel were in supporting the Youth Programme and Adult Resources.

Supporting Youth Programme

The main challenge from the adoption of a further Alternative Promise was making it age appropriate. This was signed off by the NMC updating SID 73/11 - Scouting Ireland - Promise & Law Youth Variation. This document has all the variations of the Promise. We have been encouraging sections to look at how they implement this and to re-assess their ceremonies in light of these new resources. We would also like to point out that if people still want to keep a prayer then there are suitable prayers in SID 84-11. This document was updated a few years ago and has new prayers for all sections and some events.

We have been working with the Adult Resources teams and in particular the Training team to look at how Spirituality is developed in Training courses. This work is ongoing and should be seen in the new Training Courses.

Membership

The Membership of National Spiritual & Religious Advisory Panel consists of: The Right Reverend William Paul Colton - Church of Ireland

Rev John Paul Sheridan C.C. - Roman Catholic Church Leonard Eppel – Jewish Community Andrew Rolston - Presbyterian Church of Ireland Pat Ó

Súilleabháin - Religious Society of Friends

"The main challenge from the adoption of a further Alternative Promise was making it age appropriate."

We would welcome any Faiths in the Association that feel that they are not represented to get involved. If you wish to get involved please feel free to contact us by e-mailing nsrap@scouts.ie. All Faiths have to be approved by their official representative body, but we can help with this.

Main Activities

National Trail Day was a highlight event again this year. It was an excellent opportunity for Scouting to reflect on the many deceased members that kept the Scouting light burning through the years. It is an annual event so please look out for it again next year. The annual Peacelight ceremony continues to be a well-supported event by many Scout Groups throughout the Country.

One significant body of work undertaken during the year, was identifying the various advisors at local level. We have compiled an extensive list and intend to bring it further next year. NSRAP was also at the Scouters' Conference where we met Scouters to discuss Scouting and the role of spirituality. We hope to be able to continue this work next

Finally, I would like to thank all those people who have given me advice and support as Chairperson of the Panel. It is encouraging that during a time where people feel lost that they can find meaning and purpose through their belief in Scouting. These many people across the Country make our lives so much easier and motivates us to do better.

Pat Ó Súilleabháin Chairperson of NSRAP

International

Report of the International Commissioner - 2016

Having completed my first full year as International Commissioner, I am delighted to report to the Association some key areas that I think are worth highlighting.

Over the year, Scouting Ireland has taken international representation to a new level - having individuals attend over 12 events on our behalf. One of the biggest areas of note is the Partnership Event which Scouting Ireland hosted just outside Dublin back in March. This saw Scouts from across the globe arrive on our green soil to work together on developing Associations by networking, sharing knowledge and experiences. Our own partner organisation is in Lesotho and this was the first year where we were not only able to welcome a member into Ireland, but Scouting Ireland Rover Scouts also travelled to Lesotho this summer as part of the Luméla-Fáilte Partnership. During this trip, they put in a lot of work and support, both physically and mentally, in a true Scout-like manner to help with the development of the Lesotho Scout Association – here's to continuing this next year!

The European Scout Conference was also held in 2016 and was hosted in Norway. Seven members of Scouting Ireland travelled to this event in order to voice our opinions and develop our insight into the future of the European Scout Region. I believe it is events like that where I really see the true impact that Scouting Ireland can have in a World context. We were proud to witness Thérèse Bermingham, our Chief Commissioner (Adult Resources), being presented with the Bronze Wolf Award - the highest accolade that can be bestowed on a Scouter, by the World Organisation of the Scout Movement. For those of you who maybe do not know Thérèse's background – she has been involved in Scouting for many years and she didn't stop with supporting Irish Scouting as she has been a member of both the European Regional and World Scout Committees. On behalf of Scouting Ireland, I would like to congratulate her once again on this award, a great reflection of her dedication and commitment to our movement.

From conferences to events, 2016 was a big year for Scouting in Europe. In August, nearly 100 members of Scouting Ireland travelled to various locations in France to attend Roverway. This is an event uniquely for Venture Scouts and Rover Scouts where they can explore the culture and surroundings of a country within Europe. Participants are split into international Patrols for the first leg of their exploration journey and during the second leg, everyone comes together again in a Jamboree style event at a "Base Camp" location. I would like to take this opportunity to commend each member of the Scouting Ireland contingent for their participation during this event, they represented us well and did us proud. In particular, I would like to thank Glenn Webster, who was Head of Contingent for this event, and his team. As you will be aware, they travelled to a country widespread with turmoil and Glenn worked hard to ensure everyone was safe and most importantly, felt safe. There's already a great buzz about this event in 2018 in The Netherlands, so keep an eye open for how you can get involved!

"Over the year, Scouting Ireland has taken international representation to a new level – having individuals attend over 12 events on our behalf." Back on home ground, a new International Team was formed, introducing new roles with the goal of directly supporting on-the-ground Scouting and bringing the international dimension of Scouting to every member, not just those who travel abroad. Thanks to Jack Tierney, a new Pen Pal scheme was launched, which allows Beaver Scouts & Cub Scouts link up with members of other Scouting Associations to learn more about the similarities and differences across Scout Organisations and cultures. Our aim in 2017 is to develop this scheme further so we can see the impact it can have on as many young people as possible and truly cater for international experiences both at home and abroad.

"We were proud to witness
Thérèse Bermingham, our Chief
Commissioner (Adult Resources),
being presented with the Bronze
Wolf Award..."

The Provincial Representatives are working very well within the team. They are doing so much more than just liaising between National and Provincial level. They are responsible for keeping us grounded and for reminding us of what is truly important, local Scouting. This team is constantly working on generating new ideas and suggestions for improving existing ones.

In 2015/16, we were also able to get direct feedback from local Adults in Scouting and young people through a series of questionnaires. These were designed to allow members of our Association to feed back what they think works well, what doesn't work well and also make some suggestions to introduce new ways of working. With that in mind, I am

pleased to say that the international travel forms will now be available online with the launch of the new website, something I'm sure many people are delighted to hear about!

Obviously, the summer months are the busiest time of the year for the International Team. This summer, a total of 3,380 members travelled abroad with their own section/ Scout County with a variety of camping types from Jamborees to campsites to hostels. I intend to keep an eye on this number over the rest of my term and I'd love to see this number increase year on year. I am looking forward to rolling out new procedures to ensure every Scout Group/section get the support it needs to travel abroad. It needs to be pointed out that it would not be possible for so many people to travel internationally as Scouts without the support of the Scouting Ireland staff.

2015/2016 has been a wonderful year, a tough year and an experience. There are so many people who have made this year so memorable and I would like to thank all of them. In particular, the local members, both adults and young people, who make Scouting Ireland.

YOU make Scouting Ireland the envy of many Associations across the world and you who have helped develop us into something great.

I'm honoured to be your International Commissioner and am looking forward to the next year.

Go raibh maith agaibh go léir,

Claire McAroe
International Commissioner

NATIONAL SECRETARY

Report of the National Secretary - 2016

It is my pleasure to deliver my last report as National Secretary for the Scout year 1st September 2015 – 31st August 2016. The past twelve months has been exceptionally busy, on an operational level for Scouting Ireland. We have progressed all strands of the on-going governance project, established new sub committees to share the workload and brought new people on board to the various national teams. We have also progressed our membership management systems development, reviewed policies and procedures, to ensure the Association is working at optimal level. We have done our best to ensure that support has been provided to Scout Groups and that it is not being tied up, supporting the middle management layer of Scouting.

National Council

During the last Scout year there were two meetings of the National Council.

Extraordinary General Meeting - 12th September 2015

The National Management Committee (NMC) called a meeting of the National Council to take place on 12th September 2015, primarily to elect a new Chief Scout. Christy McCann was elected as Chief Scout on the day. The meeting took place in the RDS, Dublin and was attended by a record 952 delegates. This meeting of the National Council also unanimously accepted a motion to add in a new variation of the Scout Promise, which was subsequently ratified by the WOSM Constitutions Committee and is now in place in the Scouting Ireland Constitution. Our thanks go to the Promise variation Sub-committee for all their work in making this happen. The National Council also elected a new International Commissioner and received a detailed report on the governance project.

Annual General Meeting - 16th April 2016

The Annual General Meeting of the National Council in 2016 took place in the RDS, Dublin and was attended by 919 delegates. This meeting considered and passed some very important motions regarding the governance of Scouting Ireland and there will be some follow up motions

to be considered by the National Council regarding this topic over the coming years. The highlight of this AGM of the National Council for many was the opening address by Irish Mountaineer, Jason Black. Jason, who is a former Scout, gave an inspirational address highlighting the positive impact Scouting has had on his life. Many have told me that Jason was the best speaker we have ever welcomed to our National Council meeting.

The recent increase in the number of delegates attending, particularly youth members, is very heartening and I would continue to encourage all Scout Groups to participate in National Council so that you can have an input into the important decisions which affect Scouting Ireland.

The next AGM of the National Council will take place on Saturday 8th April 2017 in the RDS, Dublin.

National Management Committee

The National Management Committee (NMC) continues to work through an extraordinary amount of business. The day-to-day business, coupled with the extra requirements in governance, makes it extremely challenging to get through it all effectively. It has never been more important that we complete the governance project and build the national structures that are required to run an organisation of the scale of Scouting Ireland. I have implemented the NMC compliance calendar and this has enabled the Chief Scout, CEO and me to ensure that the important items of business are addressed on a regular and scheduled basis.

Scout Groups or Scout Counties are welcome to raise issues with the NMC, either through the National Secretary, or their Provincial Commissioner.

During the period of September 2015 – August 2016, the NMC met on nine (9) occasions. The following is a table of attendance at those meetings:

Name	Eligible Meetings	Attende
Christy McCann	9	9
Jimmy Cunningham	9	9
Annette Byrne	9	7
lan Davy	5	4
Therese Bermingham	9	6
Pat O'Sulleabhain	9	7
Claire McAroe	9	8
Kieran Cody	9	7
Mark Blake	9	8
Joe Doherty	9	9
Kieran McCann	9	6

"Scouting Ireland, over the last two years, has come of age and moved onto a different footing in relation to how we manage an ever-growing organisation."

During this period, we had a change of personnel on the NMC. Christy McCann was elected as Chief Scout and Claire McAroe was elected as International Commissioner at the EGM in September 2015. Ian Davy and Tom Clarke retired from the NMC having completed their respective terms of office. I would like to pay tribute to them all for their efforts and thank them for their service to Scouting Ireland.

David Shalloo was elected as Chief Commissioner (Youth Programme), Greg Andersen was elected as a member of the NMC and Joe Doherty was elected as Provincial Commissioner (Western Scout Province). I would like to congratulate everyone that was elected to the NMC and wish them well for the term they serve.

Membership of the NMC involves a great deal of work and time and I commend all of the members for their dedication to the development of Scouting Ireland.

NTPIC

The National Team for Policy Implementation and Coordination (NTPIC) is made up of the Chief Scout (acting as Chairperson), the National Secretary, the Chief Commissioner (Youth Programme), the Chief Commissioner (Adult Resources), the National Treasurer and the Chairperson of NSRAP. The CEO attends and contributes to the meetings.

This team is charged with the implementation and coordination of the decisions of the National Management Committee and the general day to day issues of Scouting Ireland. The NTPIC meets monthly and these typically happen on the first working Monday of every month. Items discussed are regularly referred to the NMC for further discussion and decision. The minutes of the meetings of the NTPIC are provided to the members of the NMC as part of their information pack for each meeting. The membership are then given a briefing in the National Secretary's Management Bulletin.

In recent months it has been decided that the Scouting Ireland staff management team will attend every second meeting of the NTPIC. This will assist us in continuing to build the volunteer/professional partnership and ensure that the management of Scouting Ireland is acting in a collegial manner.

NMC Standing / Sub Committees

The NMC has a suite of standing and sub committees, that are appointed on an annual basis, to progress work and provide a support mechanism to the membership. All of the national committees are monitored by and make regular reports to the NMC.

The committees appointed in 2015/2016 along with the number of meetings each committee held are listed below.

- · Duke of Edinburgh International Award
- · Gaisce The President's Award
- Mountaineering Ireland

Scouting Ireland is a member of:

- World Organisation of the Scout Movement (WOSM)
- National Youth Council of Ireland (NYCI)
- The Wheel
- · Children's Rights Alliance

Census & Registration Compliance

In order for a Scout Group to qualify as compliant with the census and membership registration criteria; a census must be submitted, fees must be paid and Scout Group accounts must be returned by the last Friday in January. This entitles the Scout County of which, the Scout Group is a member to a 10% rebate of the fees paid. Returns made within four weeks of the deadline will entitle the Scout County to a 5% rebate.

During the year 2015/2016, 426 Scout Groups out of 510 were deemed to be compliant with annual census and financial returns thus qualifying for the Scout County

rebates. Further support was provided to non- compliant Scout Groups, which resulted in a further 84 Scout Groups fulfilling their obligations in this area. It is unfortunate when Scout Groups miss the census deadline. Apart from the resources this requires for credit control and support the negative financial impact this has on Scout Counties can result in reduction in the level of support that can be provided through the Scout County structure.

It is critical that Scouting Ireland ensures best practice in areas of compliance as this will be insisted upon by the Charities Regulator/Commission into the future, but as you can see the majority of Scouting Ireland Groups are already fulfilling most of the criteria set down by the Charities Commission Northern Ireland (CCNI) and the Charities Regulatory Authority (CRA). We will continue to take steps to provide support to Scout Groups to ensure all obligations are met.

Membership Management

The management of our membership records continues to be a major challenge for Scouting Ireland. Incomplete records, incorrect contact information, or worse, non-registration/under-reporting of members, is creating potentially significant liabilities for Scouting Ireland both nationally and locally. If a youth member is not noted on the national database, they cannot enjoy the benefits of being registered with Scouting Ireland. These benefits include programme support, national activities, insurance and website membership to name but a few. The reputational damage that can occur for a Scout Group in their local community, due to non-registration of members could be detrimental. The new membership management system will give appropriate system access to Scouters so the

administrative burden for Scout Groups can be shared among a number of Scouters. Don't forget, the ultimate responsibility for the registration of members rests with each Group Leader.

There should be no adult working as a Scouter with youth members who has not registered with Scouting Ireland, undergone Garda Vetting/Access Northern Ireland checks and completed the appropriate training. We pride ourselves on being a safe organisation for all our members and we won't compromise our standards in this regard.

Governance

As previously reported, the NMC appointed a subcommittee to complete a governance review with the aim of Scouting Ireland becoming compliant with the Governance Code for Community, Voluntary and Charitable Organisations in Ireland. Various work streams have been appointed and significant work has been undertaken to bring Scouting Ireland into compliance with this code.

The NMC have received regular reports and proposals from the governance sub committees in the past twelve months and have taken a very proactive approach to ensuring this important project is moved forward. During the year the NMC appointed a Transition Team, a Transformation Team and a Company Advisory Committee. We have also established a team that consulted widely on the structure of Scout Group Councils. We have been working closely with our members in Northern Ireland and plans have been implemented to support the registration of Scout Groups with the Charities Commission Northern Ireland. In the coming months further consultation will take place with the membership on the national structures. Resources will be

put in place to support Scout Groups in their registration with the Charities Regulatory Authority in the Republic of Ireland.

"It is important for any organisation to have a strategic plan backed up by an operational plan."

Scouting Ireland operates in a sector that depends on public trust and confidence, so it is essential that our governance structures demonstrate Scouting Ireland's commitment to accountability, transparency and probity. Scouting Ireland is an organisation that prides itself on its ethics and wants to be seen as the sector leader in good governance, but we must do this in a manner that ensures that Scout Groups remain the central focus of Scouting Ireland.

SI Trust (Property) Companies

- » The Scout Foundation
- » Scout Association of Ireland Trust Corporation Limited
- » Scouting Trust Property Limited

The three Companies hold property in trust for the benefit of Scouting in Ireland.

Other SI Related Companies

- » The Scout Foundation Northern Ireland (SFNI)
- » Irish Scouting Fellowship
- » Scouting Ireland Campsites & Facilities Ltd.

OAS & TSS

The Outdoor Adventure Store (OAS) and The Scout Shop (TSS) operates as an independent commercial company with its own Board of Directors. The NMC meet with the representatives of the board of The OAS/TSS annually. More regularly a smaller working group on behalf of the NMC meet with the management of The OAS/TSS to discuss items of mutual interest and to ensure that service level commitments are being maintained. Scouting Ireland sends its thanks to the OAS/TSS for their continued sponsorship.

"Scouting Ireland is now operating in a different regulatory environment and has big challenges to face to ensure we can safeguard Scouting for future generations of young people."

CISM Team

The Critical Incident Stress Management (CISM) team were called into action a number of times over the past year and both the volunteers and Scouting Ireland staff that are involved with this are due a large amount of gratitude for the wonderful work they are doing in some very sensitive and very difficult situations. Training of new members to assist in this work takes place regularly.

Crisis Management Team

It was with deep regret that Scouting Ireland announced the death of two of its members during the course of the last

year while taking part in two separate Scouting activities. The Crisis Management Team were on hand to provide expertise and assistance with these incidents and ensured that support was provided, where required, as expeditiously as possible. Scouting Ireland expresses its sincere sympathies to the families, friends and fellow Scouts of those who were lost during the year.

Insurance & Risk Management

This team continues to review our insurance policies annually and I want to assure you that we are providing the best possible service at good value to our members despite a climate of significantly increasing costs in this area. The co-operation of the membership in this area is essential,

particularly in risk management and in ensuring that all activities are carefully planned and monitored to identify and minimise the risk of potential hazards. As part of our commitment to ensuring our membership are receiving value for money and a quality service in this area we have, as you know, introduced a property insurance scheme, which should provide Scout Groups with a good alternative to whatever insurance policy they currently purchase. Full details of our insurance cover can be requested from National Office. With the impending registration of Trustees with the CRA and CCNI we will be releasing details of a Director and Officer Liability scheme for members who take on the role of Trustees in their Scout Group.

Heritage Group

The prime purpose of the Heritage Group is to collect, preserve and display memorabilia relating to Scouting Ireland. During the year we held two business meetings and exhibited at National Council, The Scouters' Conference, Jamoige and Recharge. During the Phoenix Challenge we welcomed hundreds of Scouters and Scouts to the museum at Mount Melleray. We helped many Scout Groups research their history in the archives at Mount Melleray. The second purpose of the group is to offer fellowship to our members.

42

To this end we made four trips – two to Dundalk, Co. Louth and two to Cork, visiting the National Maritime College, the Naval Service HQ and Fota Island. We also welcomed 29 members and friends to our Christmas lunch.

Conflict Resolution

Adult conflict, complaints and appeals are some of the most challenging issues facing the Association. The cost and time spent dealing with these issues continues to be quite a problem and we continue to work to address this. The NMC adopted a revised complaints procedure and a supporting document on fair investigations. We have started to consider and develop the idea of a central complaint, disciplinary and appeals panel and I am hopeful this work will be progressed in the next year. I continue to appeal to all members of Scouting Ireland to try and sort out conflict as quickly as possible. It takes a better person to say 'sorry' but sometimes that is all that is required. My wish for the year ahead is, that we can as Scouts, say sorry when we offend someone and that the other party can accept this fully allowing both parties to move on. This is the Scout way, let's consider this for the year ahead.

National Office

I have continued to work closely with the Manager (Operations), based at National Office, to ensure a partnership approach that results in a volunteer led, professionally managed Association.

Our regular meetings, coupled with my close working relationship with the CEO, ensures that we can progress some ongoing day-to-day issues in a very timely way. We have commenced a management development and partnership programme, that I'm sure will yield very positive outcomes and which will result in a more effectively managed Association.

A full staff matrix can be found in the appendices at the end of this report.

Achievements in my term...

When I took on the role of National Secretary, I outlined items that I would like to achieve and address in the time that I was in the position. I would like to think I have achieved many of these already and I know, if time had allowed, I would have finished out the others also. It is my belief that Scouting Ireland over the last two years has come of age and moved onto a different footing in relation to how we manage an ever-growing organisation. We have had a very hard look at what we have been doing and have now developed a plan that will see Scouting Ireland reorganise and refocus. This will enable Scouting Ireland to continue to be the biggest and best non-formal educational youth organisation on the island of Ireland.

The following outlines some of the achievements that have taken place over that period:

Communication & Transparency

Increased and effective communication from National level to the membership and transparency in everything we do is crucial. I think we have addressed this issue in the last 18 months. We now have a regular management bulletin from the National Secretary, which reports on what has happened at NMC meetings and is very clear in the detail of decisions etc. We also communicate what happens at NTPIC meetings.

We have put together a consolidated weekly mailing which goes out every Wednesday by email to all Scouts and Scouters registered on the database which updates everyone on events, decision's, information etc.

We are now open and transparent in everything we do and the only reason for any member of Scouting Ireland not knowing what is happening, is if they don't take time to read the information.

Streamlining Administration

The new membership management system to streamline administration of the association is well advanced and I would hope that this will have launched by the time you are reading this report. The Communications Team and National Office have been working closely together developing the new website and membership management system. The content development for the new website is at a very advanced stage and the new website is scheduled to go live in the first quarter of 2017.

The membership management system will provide a user-friendly platform for Scout Groups to manage their members and sections, make online bookings and payments and will streamline all of our other paper based processes.

This will be of great assistance to our Scout Groups and will hopefully assist with freeing up time, doing admin and allow more time for Scouting to take place.

Constitution and Rules

I stated I would set up a Sub Committee to look at the Constitution and Rules, on an ongoing basis, to review these and update them as required. This is something that is now operating and that team is now working on a monthly basis to help keep these and official Scouting Ireland documents relevant and up to date. As part of our Governance Code commitments, we will review each Scouting Ireland Document (SID) at least once every 3 years.

NMC meeting restructure

Gone are the days of two-day NMC meetings. I have worked with the current Chief Scout to make sure that we get all our business done in one day. Dates for meetings are set out a year in advance, well attended and are geared to decision making - not just reporting & discussion.

The agenda goes out 10 days in advance and reports and proposals are usually submitted in writing. The members of the NMC, as with all national teams, have now signed up to a code of conduct and by and large this has been successful.

Consultation with membership

Now on every project, be it in Governance, Youth Programme review etc., we endeavour to consult with the membership in so far as possible. This feedback guides us in putting together our proposals be it for National Council or to the NMC. This way of working is of great benefit to both the membership, who become part of the decision making process, and also to the NMC, as they get feedback, which they take on board to assist when drafting policy and proposals. This is a huge effort to maintain, but it is worth doing as we move forward as one. Also all appointments are now advertised through an open call, so any member can apply if they feel that they can contribute.

Strategic Plan & Operational Plan

It is important for any organisation to have a strategic plan backed up by an operational plan. We have been working on this over the last 12 months and I'm proud to say the NMC have agreed both. The strategy with the strategic KPI's and plan are the high level goals on how we will

achieve our aim and mission. This is now backed up with an agreed plan between Scouting Ireland staff and the NTPIC on the operational tasks that need to take place to make sure that the strategy is achieved. We now have listed all tasks that we need to complete. We have assigned an NTPIC member along with a Scouting Ireland staff member to make sure that jointly these will be completed. We have developed a dashboard style report that goes to the NMC each month, which details what items are being achieved and what items are not. We now have a complete focus on our operational goals and this is assisting us to make sure that we achieve our aims. This is a rolling plan and as such can be added to as we go forward.

Central Complaints Panel

I have done a lot of work on this and it is nearly ready to have specific proposals around this drafted for approval by the NMC. Some parts of this will require National Council approval. I would hope that this can be followed up on so that we can be in operation as soon as possible. We introduced a new process for administration of every complaint and appeal. This seems to have alleviated a lot of the issues in this area

Scouting Ireland Staff

The Chief Scout, the CEO and I have been working on various ways of effective partnership between Scouting Ireland Staff and volunteers in trying to work better together to achieve our aims. Whilst this work is ongoing major improvements in a partnership approach have been effected. The development of the operational plan and the agreement of the tasks involved jointly by the Scouting Ireland Staff and the volunteers have been a very good example of the partnership process, that is starting to take hold in the Organisation. If everyone does their own job, be it volunteer or Scouting Ireland staff, we will continue to have a great organisation.

National Council

I introduced many changes to how National Council is conducted. These changes came into effect at the EGM of the National Council in September last year and indeed at the AGM of the National Council in April. I believe that these changes have gone a long way to improving our National Council meetings and that was borne out by the record attendance and the feedback we got from this year's meeting.

Annual Report

I believe that our Annual Report each year is without doubt the most comprehensive report in the youth sector. It gives a great overview of the vast amount of the work undertaken by this Organisation. This is something that we should all be very proud of each year and I would like to thank the small team over the last few years who assist, and continue to assist, with this.

Equality, Diversity & Inclusiveness

In the last 12 months we have appointed an Equality,
Diversity and Inclusiveness Co-Ordinator and this again has
focused our organisation on an area we heretofore ignored.
I'm pleased to report that we now have a dedicated team in
place addressing these issues.

Conclusion

Finally, this will be my last report as National Secretary as, earlier in the year, I took the difficult decision to resign from the position. This was probably the most difficult decision I have had to take during my 44 years in Scouting. It was a tremendous honour for me to be elected as the National Secretary and I hope that I have not let any of my fellow Scouters down by taking this course of action. As I stated in my letter to the membership earlier in the year, the National Secretary's role is immense and was taking up to forty hours per week and this is not sustainable for anyone working a full time job. Scouting Ireland needs to understand the scale of the organisation that is being run and resource it appropriately so volunteers can do their work and professionals can do theirs.

I would like to wish the new National Secretary, Ollie Kehoe, the very best in the role and ask that you all get behind him and support him going forward. I especially want to thank my great friend Christy McCann, the Chief Scout, and wish him well as he leads this great organisation. I would also like to thank my fellow members of the NMC and all Scouts and Scouters I have worked with during my time in National Scouting. I view your friendship and advice as priceless and will be forever indebted to you for all you have done for me.

I would like to thank the Scouting Ireland staff team in National Office and around the country. I have enjoyed working with you for the betterment of Scouting in Ireland. It's not an easy job we have to do, but working together we can achieve great things. I would like to thank my family, in particular my wife Dympna and my two daughters Kelly Ann and Alice, for the support and encouragement they have

always shown me. I would have never achieved all I did without you.

Scouting Ireland is now operating in a different regulatory environment and has big challenges to face to ensure we can safeguard Scouting for future generations of young people. I know that if we work together we can overcome these challenges and Scouting Ireland will continue to be the best youth organisation in the Country. Until we meet again along the Scouting Trail farewell and thank you.

Working together we can be magic!

Jimmy Cunningham National Secretary

NATIONAL TREASURER

The role of the National Treasurer is broad and varied and I receive a great deal of support in discharging my duties.

Scouting Ireland Services (formerly Scouting Ireland) is a company limited by guarantee. Its financial statements are presented in a different format this year from last year. The format is known as Accounting and Reporting by Charities: Statement of Recommended Practice. It is the recommended standard for charities in the Republic of Ireland and complies with the latest accounting standard, FRS 102. Reporting in this format ensures that Scouting Ireland Services are compliant with the highest standards of reporting for charity accounts.

In July 2016, the National Management Committee (NMC) considered the membership fees taking into consideration the backdrop of rising costs, in particular increasing legal provisions and insurance costs. The NMC have set the fees for 2016/17, 2017/18 and 2018/19 and have resolved that the youth fee should remain at \leq 45.00 and that the adult membership fee will be set at \leq 32.50 for 2016/17, \leq 37.50 for 2017/18 and \leq 42.50 for 2018/19. This was not an easy decision to make and all relevant factors were taken into consideration during the course of this discussion.

Scouting Ireland Services had a small deficit at the financial year end date. When we take, however, the small surplus from 2014/2015 into account we are happy to have reached a break even position over the two years. From an operational point of view the final outcome was that we were on budget target, allowing all budget holders to deliver on their commitments for the year. I would like to thank each and every one for their diligence in managing their budgets, which ensured that Scouting Ireland got the best

"During the year we have continued to build on the foundation of transparency and governance by strengthening our processes and procedures."

value for money possible without compromising the quality of service and delivery that members expect.

TTotal incoming resources for the year amounted to €5,011,000 compared with €5,178,000 last year. Administration costs are included within the expenditure on charitable activities. They have increased from €563,000 in 2015 to €656,000 in 2016, this increase is ascribed to additional legal provisions and Insurance costs for Scouting Ireland. Administration costs include finance, insurance, information technology, legal costs, central management and depreciation. Scout County and Provincial costs increased by €16,000 and continue to grow. This is reflective of the increase in Scout Group compliance with annual returns, resulting in Scout Counties receiving higher rebates. During the year we have continued to build on the foundation of transparency and governance by strengthening our processes and procedures. We continue to invest a huge amount of time and effort in furthering our journey to full compliance with the Governance Code - a project that will continue into 2017 and beyond.

We continue to remain in line with our Reserves Policy which establishes an appropriate target range for the level of general reserves. The range is based on a risk assessment of the probability and likely impact on Scouting Ireland Services' activities that might be caused by a decline in income, an inability to meet financial obligations, or an inability to reduce expenditure in the immediate short term. The policy ensures a balance of spending

the maximum amount of income whilst maintaining the appropriate level of reserves to ensure uninterrupted operation. The policy and target range will be reviewed at least every two years to reassess the risks and reflect changes in the Company's income, financial obligations and expenditure.

The financial strategy is reviewed on an annual basis and includes a rolling three year budget cycle. This is to ensure that we have correctly aligned resources to guarantee the delivery of the Association's strategic plans. Between 2016 and 2020 Scouting Ireland will make significant capital investments in a combination of areas, i.e. information technology systems, website, National Scout Centres

National Scout Centres

Our Mission, at the National Scout Centres is to provide a safe, friendly and secure environment for young people to develop through the outdoors using the Scout Method, with a vision of being Centres of Excellence for young people to experience Scouting in the Outdoors.

Our National Scout Centres continue to update and improve the facilities and activities on offer. Major refurbishment of the accommodation buildings were commenced in March of this year in both Killaloe and in Larch Hill and are expected to be completed in October / November 2016. The refurbishments works when completed will represent a €1.3 million investment. It is important that we recognise the dedication and input of the volunteer teams who work in

the National Scout Centres, from maintenance programmes to catering to programme opportunities. Gerry Finnegan is the Campsites and Facilities Team Lead and works with the teams from the National Scout Centres to implement the National Scout Centre's strategic plan that will meet the needs of the Association in the short, medium and long term.

Castle Saunderson

Castle Saunderson had another successful year in 2015/2016. The Centre has grown its visitor numbers by 23% in the last 12 months. The centre's business continued to grow, far exceeding the initial expectations at the outset of the journey that is Castle Saunderson. Having achieved 16,000 bed/camp nights in 2016, the aim is to increase this to 20,000 in 2017. The centre summer package deals in 2015/16 again have proven to be a great success and the centre will be looking to expand this style of offer in 2017.

Notable events held during the year included the hosting of Santa Days, Camp North East, CastleJAM16 and Camp 4. The centre would like to thank the Camp Chiefs and their teams for bringing these respective camps to the Centre.

Castle Saunderson enjoys the support and dedication of an amazing volunteer crew, without their ongoing support the centre simply could not function.

NWAC - Killaloe

The National Water Activities Centre at Killaloe was closed for 2015/2016 as a major refurbishment of the hostel building was being undertaken. The works on the hostel commenced in April 2016 and are expected to be fully complete in October 2016.

Further works are required to improve access to the site and a grant of €50,000 has been approved by the Department of Children and Youth Affairs Capital Grants Fund 2016/2017. It is anticipated these works will commence in January 2017. The centre will then be relaunched when all works are completed.

Larch Hill

The Larch Hill International Scout & Guide Centre welcomed 18,000 visitors from all programme sections between September 2015 and August 2016. The spring and summer of 2016 also saw the continued and valued international presence from our Scouting friends abroad. We also welcomed visitors from France, Germany, Switzerland, England, Wales and Scotland. The Patrol (Adirondack) Shelters are continuing to prove very popular, sleeping up to 8 people, complete with their own altar fires and located perfectly for backwoods programme. There are plan to construct further Adirondack shelters in 2017.

The renovation and expansion of Larch Hill House began early in 2016 and it is expected to open in October 2016. It is already proving very popular with a large amount of advance bookings.

Larch Hill held some very successful events during the year including the annual Santa Days, the proceeds from which were donated to Heart Children Ireland and almost 40 sleeping bags were also donated to Focus Ireland. The centre held its annual June Bank Holiday weekend camp with 800 Cub and Beaver Scouts testing their skills at the Larch Hill School of Wizardry & Witchcraft.

Our Larch Hill Meitheal volunteer staff launched a new initiative, "Help the Hill", which involved a 4 day project during school and college midterm in March 2016, where the participants, under the guidance of experienced volunteer staff, helped with projects on site and experienced the instructor led activities. This event has been a great success and allows Venture and Rover Scouts to experience Larch Hill as a volunteer staff member, many have joined as volunteer staff since participating in the programme.

Larch Hill, in conjunction with Castle Saunderson, ran a

"Our Mission, at the National Scout Centres is to provide a safe, friendly and secure environment for young people to develop through the outdoors using the Scout Method,"

successful internship programme through the summer of 2016. This was a wonderful opportunity for Scouts to gain solid work experience and training opportunities. The programme has successfully expanded the capacity of both centres.

The Larch Hill team also took part in an Erasmus Plus project to establish Best Practise in Scout Centres. This involved co-operation with scout centres in Denmark, Iceland, Sweden and the UK, developing partnerships and sharing ideas.

The centre does not function without the dedication of the Meitheal volunteer staff team, who continue to manage the very busy weekends at the centre with calm efficiency throughout the year. The Department of Social Protection (DSP) funded Community Employment Scheme team and their supervisor continue to provide an invaluable service through maintenance and development projects carried out at the centre.

Lough Dan

This year has been the busiest year at the centre in decades, both in terms of numbers attending and new programme initiatives introduced. The centre has attached the tag Scout Eco-Park to our working title - a first in World Scouting. This is a place where sustainable management and environmental awareness go hand in hand with traditional Scout activities. A new eco-base designed around Charles Darwin's cabin on board HMS Beagle has been introduced where groups can do a whole range of nature based activities under the title of "Lifelong Learning through Nature". This initiative will train volunteers in a range of wild-life activities that get young people exploring and re-connected with nature - such as bug hunts, pond dipping, bird watching, photo-safaris and wild flower orienteering using smart phones, etc.

Lough Dan participated in the Wicklow PURE Mile project and won the best youth educational project award for keeping our mile litter free and adopting the beaches of Lough Dan. The centre hopes to extend their participation in this fantastic project inviting all groups in the Country to adopt their favourite location for their activities and keep it litter free.

As part of the Wicklow 1916-2016 project Scout Groups participated in planting over 500 trees in our native woodland. It was a fantastic weekend and an event our founding fathers would have been proud of. The centre has identified an area of bluebells to develop next year into a nature walk along with the existing habitat Green-Way. During the year, part of the mature woodland at the centre was deer fenced so it can be used for school ecology projects and school groups doing Transition Year and Gaisce expeditions midweek at the centre.

Despite being the busiest year in ages the centre has never looked better and during the year a small log cabin and a yurt were added for use by all groups.

The use of the centre by day visitor groups also increased greatly during the year. Day visits are free to Scout Groups,

who are encouraged to use the centre to start or finish their hikes. Here they can avail of all of the on-site facilities such as secure parking, toilets and barbeques for free, or they can just come down and have an activity day using some of the on-site activity supports (orienteering, pioneering, ecobase, etc.).

Mount Melleray

2016 has been yet another year of hard work on the renewal of the centre. A new training room facility that can seat 120 people was added. This area has its own kitchen and sleeping quarters. During the year Youth Leadership training, Woodbadge Stages 4, 5 and 6 and the new training scheme 'Being a Scouter' course were held. During the year, we have made improvements to the Deise, Cashel and Eamhain Mhaca dorms, the Campfire Area and Activities area. A Faith & Beliefs (FAB) zone was also beautifully designed and established by the participants of the DSP funded Community Employment Scheme. A maintenance programme commenced at the centre to keep it up to the highest standards.

Visitor numbers continue to remain strong with over 10,000 visiting Mount Melleray. The centre hosted the Phoenix Challenge during the year along with many Scout Group, Scout County and Scout Province events. We really appreciate the support of those who come to the centre.

The focus for the next 12 months is the development of programme opportunities and continuing to improve the infrastructure. Planning is underway for Camp FIVE which will be held in July 2017 and we are targeting some other big events to be held on site.

In Conclusion

I wish to thank all the Treasurers in Scout Groups & Scout Counties, the Finance Support Team and all those who take on the role of Treasurer for programme activities and training. It can often be a difficult role and we should be mindful of the amount of background work that these people put into their roles. I am extremely thankful for your commitment and diligence.

Annette Byrne
National Treasurer

COMMUNICATIONS

Report of the Communications Commissioner - 2016

Scouting Ireland is built on the enthusiasm and drive of its members, an energy that grows and expands into a movement that makes a significant and positive contribution to the world we live in. What drives this energy is the Scout Method, a principle that the Communications Team embrace with vigour, with young people and adults working together, working in small groups, learning together and doing our best to communicate what is great about Scouting. Our job is fun, challenging and exciting, we are a team that is committed, hardworking and open to anything that is sent our way.

Made up entirely of volunteers, the team has met on 34 occasions during the year:

- » 17 evening team meet ups and meetings
- » 4 creative camp weekends
- » 3 National Events covered (JamÓige, Camp FOUR and the Phoenix Challenge)
- » Team members also covered numerous other events; MPCs, Regattas and camps throughout the year
- » 3 workshop days
- » 7 meetings with partners, such as the Scout Shop and our web developers

Scouting Ireland Identity

One of the biggest changes during the year has been the introduction of our updated Scouting Ireland identity and the roll out of our "begin here" message.

Our new identity has been designed in-house, with the assistance of Peter Sheehan Design Studio, with a steer towards a simpler and more flexible style, suitable for use in a digital era. A particular focus has been on use in social media, where the identity provides a continuity and more defined message in the imagery we use and along with the "begin here" straplines helps promote some of the positive benefits of Scouting.

During the year the team, amongst other projects, updated all of the programme sections' branding, developed

branding for JamboRí 2018 and developed a new set of branding for use in Scouting Ireland's videos. In addition to this, we managed and provided support and guidance for over 1,500 individual graphic elements for use in publications and online.

In conjunction with the rollout of our updated identity, the Communications Team has also embarked on a project called "Operation Prague". Following on from a conference

with the European Scout Region in the Czech Republic, the aim of the project is to answer the question "What is Scouting in Ireland?", in as concise and universal a form as is possible. The eventual outcome will guide and support our future presence and messages as an Association.

We are fortunate to continue a productive and rewarding engagement with the Scout Shop and the 'SCOUT' brand range of clothing continues to be a great seller. The range has garnered international recognition and is a great endorsement of the Scout Method. All of the clothing has been developed from conception to market with the active input of our youth members.

InSIde Out

Our online magazine, InSIde Out, continues as strong as ever, providing our membership with an insight into some of the activities and adventures of our Scout Groups around the island of Ireland. This year also brought about a brilliant initiative by our National Secretary, Jimmy Cunningham, who published a comprehensive management bulletin after each National Management Committee (NMC) meeting, bringing openness and transparency to the forefront of the workings of the NMC.

Photography & Video

There are few things that the team enjoys more than getting stuck into a national activity and capturing on print and film the experience of Scouting. We have an amazing team of both fresh and experienced photographers and videographers, who capture and produce amazing and professional results. Just look at the images and video from JamÓige, Camp FOUR and the Phoenix Challenge, you will see the quality in what has been shot and produced. In August, the team got approval from the Capital Expenditure committee to purchase a high quality video camera and associated equipment. This is a major step forward for the team, as we can move away from using personal equipment - ensuring a higher quality and more consistent style.

"One of the biggest changes during the year has been the introduction of our updated Scouting Ireland identity and the roll out of our "... begin here" message."

Website

The development of Scouting Ireland's new website continued through the year, this has been a major focus of the team. It's involved enormous effort, with countless hours of work and the creation of both written and visual content. We are ready to go live in the very near future and are looking forward to previewing at the Scouters' Conference in November.

Public Relations

Over the course of the year, Scouting Ireland has had numerous appearances in the national media; on TV, radio and in print media. We continue to support Scout Groups engaging and garnering media coverage in their own locality. Great work continues in particular in Cork by David Barry and North Dublin by Gerry Hickey. It is our belief that our current approach is the best PR for our Scout Groups and the best way to highlight Scouting in your local area.

Social Media

In the last twelve months we have grown our Twitter followers from 8,000 to just over 10,000 a fantastic achievement and testament to the good work of our Twitter team, who keep our followers updated on Scouting news on a daily basis. Similarly we have grown our Facebook likes from 7,000 to well over 10,000. Some of our Facebook posts have had a reach of over 100,000 people, demonstrating the interest and following that we can generate in the great work of everyone in Scouting Ireland. People are interested and will listen if we tell the right story.

Conclusion

I am privileged as Communications Commissioner to be surrounded by a team of strong and dedicated people, who not only give of their time freely, but are so positive and progressive in their manner that it is infectious. We are all volunteers and yet our videos, our photographs, our website and our publications are all of the highest finish and quality. It has been a pleasure working together, aiming for the top and having fun along the way. Our adventures have truly begun!

Kieran Cody

Communications Commissioner

2005 to 2015

(with refinements in 2010)

2016 onward

Our Identity

- . Emphasis on the Scouting Ireland emblem and wordmark (SCOUTING IRELAND)
- Strong, simple white graphics to suit social media and integration to photos & video
- . Textural detail evokes adventure and outdoors
- . Core colours are blue, white and green but various backgrounds are possible
- . Primary background has subtle triangular silhouettes referencing tents, mountains & sails
- . Primary logo variants places the emblem to one end of the wordmark rectangle
- . A very subtle layer may be needed behind the logo to ensure background contrast avoid drop shadows

- . Our identity is the responsibility of all members of Scouting Ireland.
- Registered Scout Groups of Scouting Ireland may use the emblem and wordmark in its approved variations subject to permission.

 All badges, flags, banners, apparel, equipment, vehicle graphics and published materials that feature the emblem and/or wordmark must be approved by the Communications Team before production/publication. Please seek permission as early as possible.

CEO

Report of the Chief Executive **Officer - 2016**

The past Scout year was marked with significant highlights and reasons for celebration as well as tinged with sadness on the passing of our much-loved Chief Scout, Michael John Shinnick. I know he would be very pleased to see so many of the ideas and projects that were initiated in his term come to fruition and to see Scouting Ireland reach the significant milestone of 50,000 members through the growth that he championed throughout his stewardship. This represents a 20% growth over the last six years with many thousands more young people benefiting from Scouting and many more communities enriched by the presence of a new Scout Group. It is significant that this growth is largely demand driven, with regular contacts to the National Office from communities wanting Scouting in their area.

During the year, we also brought our strategic and operational planning to a new level, which will allow the National Management Committee (NMC) and the Senior Management Team at National Office maintain a strong focus on our goals for the years ahead.

The Senior Management Team at National Office are: Noel O'Connor – Manager (Operations); Joe Marken – Manager (Support Functions); Fionán Lawlor – Financial Controller; Collie Kavanagh – Manager (Programme Unit); Damien O'Sullivan – Support Officer (Campsites and Facilities) and Ruth Hughes - Support Officer (Child Protection & Safeguarding).

We continue to work on our statutory compliance under charities legislation and we have established good working relationships with both regulatory authorities north and south in Ireland. This will greatly assist our Scout Groups in moving to the new arrangements in registration and we will work together in the year ahead to make this as smooth a transition as possible.

We also worked, during the year, to achieve compliance with the Code of Practice for Good Governance of Community, Voluntary and Charitable Organisations and the NMC are committed to working to full compliance with this important standard.

Scouting Ireland's budgetary position has steadily improved through the prudent work of our finance department, the National Treasurer and the support of volunteers. This has allowed the NMC to take a proactive approach to fund capital investment in our National Water Activities Centre in Killaloe and in Larch Hill. These combined projects represent a capital investment of €1.3M for Scouting

National Council 2016 was a very busy event with over 900 delegates in the RDS in Dublin giving careful consideration to the business of our Organisation and its future. This scale of attendance at our AGM is unique in the youth sector and indicative both of the health of Scouting Ireland and the commitment of our volunteers.

We have embarked on a new partnership programme involving the members of the National Team for Policy Implementation and Co-ordination (NTPIC) and the Senior Management Team in Scouting Ireland to work together to give effect to the strategy for growth, development and support. This programme will also involve a restructuring

of our professional resources to better support the organisation and its volunteers and to particularly focus our support on Scout Groups. There is an identified shortfall in staffing and manpower on the professional side and a programme of phased recruitment will commence in the year ahead.

We initiated a programme of contact and briefings with public representatives and Government to further improve our profile and their understanding of our activities, programme and challenges and made a prebudget submission to Government. We contribute to the Government's strategy for children and youth – Better Outcomes, Brighter Futures - and our own strategy has taken this into account. I wish to particularly thank Ministers Michael Noonan and James Reilly and the officials of the Department of Children and Youth Affairs for their support and I look forward to working with Minister Catherine Zappone in the year ahead.

"This represents a 20% growth over the last six years with many thousands more young people benefiting from Scouting and many more communities enriched by the presence of a new Scout Group."

We are currently working on updating our risk and health & safety management to maintain statutory compliance and to ensure the safe support of our programmes. When this work is complete we will provide support materials for use by Scout Groups at local level.

Our Child Protection Officer and the safeguarding team at National Office continue to provide sector leading operations and support in safeguarding and child protection to ensure the welfare of our young people and volunteers.

The Quality Scouting Experience workshops are being rolled out throughout the island and those Scout Groups who have used this tool have found it to be very helpful in putting together a development plan for their Scout Group. Our research capability has also been enhanced, providing vital insights into the impact of our programme and the factors that affect our progress as a movement. Scouting Ireland has extended its inclusivity programmes in youth employment and outreach & refugee support, with volunteers and professionals working together in this important field of activity. We have also secured continued government funding for our youth employability programme, Operation Lelievlet.

The functions that are managed through National Office

include: programme, research, Scout Group support, growth, volunteer support and development, child protection and safeguarding, training administration, financial management and control, fundraising, membership management, Scout Centre management and development, administration and insurance, health and safety management, IT and systems management, HR and staff management, public relations, special project support, strategy development and planning, NMC, NTPIC and Board Sub-Committee support, Government and statutory agency liaison and external relations. This is not an exhaustive list but might give some sense of the scope and scale of the work undertaken by our Scouting Ireland staff.

I am fortunate to work with a dedicated team of Scouting Ireland staff and volunteers, who work day in day out for Scouting. During the year, we welcomed Colin Sheehan as the assistant Camp Manager at Larch Hill and said farewell to Finbar Gethins as Camp Manager at Castle Saunderson, to Brendan Lynch as Group Support Facilitator in the Southern Province and to Kevin Oates as Group Support Facilitator in the Northern Province. We thank them all for their service to Scouting and wish them well in their new endeavours.

I wish to thank the Chief Scout, NMC and NTPIC for their continued support and trust. I believe that we can be well satisfied with the work and progress of Scouting Ireland in 2015- 2016 and look forward to the year ahead with confidence.

John Lawlor CEO

Audit and Risk Management

Report of the Scouting Ireland Audit & Risk Management Committee - 2016

This committee was established by the National Management Committee (NMC) in late 2015 and the first meeting of the Committee was held on Tuesday, 10th November 2015. There are eight committee members of whom three are also members of the NMC. A list of the Committee members can be found in the appendices of the Annual Report. The terms of reference of the Committee can be found in the resources section of the Scouting Ireland website.

The Committee considered the 2014/2015 Financial Statements in detail and posed quite a number of questions for the Finance Team and the External Auditor, all of which were answered very satisfactorily. The Committee recommended that the NMC adopt the financial statements and they were subsequently endorsed by National Council in April 2016.

The Committee reviewed the performance of the External Auditor, Grant Thornton and decided to recommend that they be appointed for a further year.

To date the Committee has met on five occasions and following the review of the annual financial statements and the external audit performance, the committee has turned its attention to reviewing the internal controls and risk management.

The Committee has met with the Finance Team and the External Auditor in planning the audit of the Financial Statements for 2015/2016. It is expected that the audited financial statements will be considered by the Committee in November 2016.

There is currently no Internal Audit Function in Scouting Ireland (SI) and the committee recommended to the NMC

"...the committee has turned its attention to reviewing the internal controls and risk management."

in June 2016 that this function should be established. The NMC endorsed this recommendation and agreed that an Internal Audit Function is required for SI. The Committee has decided to make an open call for interested people to apply for membership of the Internal Audit Team. At that stage, an initial three-year Internal Audit Plan will be prepared. It is intended to review this plan at least annually and to ensure that there is a rolling three-year Internal Audit Plan on an ongoing basis.

The Committee is of the view that a Risk Management Group (RMG) is required for SI in order to implement a process of risk management. This was endorsed by the NMC in July 2016 and will involve translating the NMC-approved Risk Management Policy and Framework into action at each level of the organisation:

- National governance level (NMC and Board)
- » National management level (all areas and functions under the direct remit of the CEO)
- » Provincial management level
- » Scout County management level
- » Scout Group management level

The RMG will design and propose an implementation strategy (including actions and timelines) to achieve its purpose. The Committee decided to make an open call for interested persons.

Martin Burbridge
