

step up to ruarc!

There are
1-2-3
stages on the
beaver scout
adventure

The second stage badge is called **ruarc**. When you are a **ruarc beaver scout** you start to explore outside the crannóg.

It is time to take an active part in a series of 6 or more big adventures that are planned at Log Chews and organised by your **SCOUTERS** - with help from your lodge. At the end of each check to see if you have earned **SPICES** toward your **ruarc** badge!
