

# what are your special interests?

**Hello. I'm Spike!**  
We all have things that we are interested in - I love tree houses!  
I was able to create my own **special interest badge** with the help of my scouter.

special interest badges will help you on your beaver adventure

skills

physical

adventure

community

environment

There are 5 steps to creating your own special interest badge.

- Step 1** - Pick what interests you.
- Step 2** - Decide what special interest area your interest falls into.
- Step 3** - Design your challenge with your scouter.
- Step 4** - Complete the challenge in agreed time.
- Step 5** - Wear the badge with pride!

When designing your challenge for your badge it should :

- \* **Challenge you to learn new skills or develop ones you have.**
- \* **Help to increase your knowledge of your special interest.**
- \* **Contain a practical element which will benefit others.**

There are **5 special interest areas** when you put all 5 badges together you get 1 big badge! You could try and get all 5. Add a stripe if you earn 2 or 3 from the same area interest area...
