The term **abroad** as applied in this document refers to camps and activities outside the island of Ireland and its off-shore islands (inclusive).

The term **camp** as referred to in this document includes the <u>duration of the trip abroad including</u> travelling to and from the destination.

This support document must be read in conjunction with the **Camping and Adventures in the Out of Doors Policy** (SID-YP05 refers) and all supporting documentation & forms adhered to.

In addition to the requirements outlined in the Camping and Adventures in the Out of Doors Policy (SID-YP05 refers) Scout Groups are required to comply with;

- a. All applicable policies and procedures of Scouting Ireland, and
- b. The section specific requirements outlined below:
- Scouters and Youth Members must use the <u>Overnight and International Approval Form</u> (SIF 26-11 refers) for all activities abroad which include an overnight stay.
- 2. Scouters should purchase travel insurance prior to travelling abroad. A European Health Insurance Card can be used when travelling to another EU or EEA country but even this will not cover repatriation, consultants or specialist fees. Scouting Ireland therefore stipulates that travel insurance must be purchased and proof of the cover must be submitted with the Overnight and International Travel Approval Form (SIF 26-11).
- 3. It is essential that the Scouter-in-Charge obtain appropriate approval for each member of the party under 18 years of age to participate in a Youth Programme Abroad activity, irrespective of duration. It is essential that medical details be recorded beforehand in respect of individual members of the party. This must be done using the <u>Activities Consent Form (SIF 11-05 refers)</u> and <u>Managing Medications Form (SIF 11A-10 refers)</u>, specific to the camp as distinct from utilising a yearly form for Group activities.
- 4. The Scouter-in-Charge should record relevant medical history and next of kin details for Rover Scouts travelling as Youth Members. This should cover, at a minimum, next of kin, relevant medical history, any known medical conditions and current medication or known allergies. It is recommended that details of Scouters travelling with the Group are similarly recorded.

SID 71/11A Page **3** of **10**

- 5. It is essential that Youth Members and Scouters travelling abroad observe the customs and laws of the country they are travelling to and any jurisdictions they may pass through en route to and from their destination. Where there is a difference in law to that of the appropriate legal jurisdiction on the island of Ireland, e.g. legal age to purchase alcohol or tobacco, the higher age limit will apply.
- 6. Ensure that adequate provisions for the **health**, **safety and welfare** of Youth Members and Scouters are in place for the duration of the camp, including qualified First Aiders.
- 7. Ensure an adequate number of Scouters with the appropriate training; qualification and certification are in attendance for the duration of the camp. See section specific requirements below.
- 8. Provide access to adequate training and resources for Youth Members and Scouters to ensure a successful and safe camp abroad.
- 9. Ensure the Youth Programme Abroad contains a Shared Scouting Experience, which is an activity which involves a partnership or intercultural element and/or an act of help, assistance or benefit which has a positive impact on the local community/environment of the place visited abroad. There are two primary ways in which a Shared Scouting Experience will happen;
 - a) A Scout Group will run a joint-activity (Shared Scouting Experience) with another Scout Group or anotheryouth/community group while abroad, or:
 - b) A Venture Scout/Rover Scout Service/Partnership Project. This is an activity which is developed in advance of travelling and run in conjunction with another Scout Group or another youth/community group while abroad.
- 10. It is preferable that a Youth Programme Abroad activity is a camping event reflecting Scouting's emphasis on nature and activity out of doors.
- 11. In accordance with the Scout Method and ethos of ONE Programme, the activity must be jointly planed and delivered by the Youth Members and Scouters working together in an age appropriate manner.

SID 71/11A Page **4** of **10**

1.1 Beaver Scouts

Beaver Scouts are encouraged to overnight on the island of Ireland in the first instance. Beaver Scouts may overnight outside the island of Ireland; however this is limited to Great Britain and the Isle of Man.

1.2 Scouter Training Requirements

All Scouters must have completed Stage 1 and Stage 2 of the Wood Badge Scheme (up to 2016) OR the 'Being a Scouter' strand of the 'This is Scouting' component (from 2016).

At least one Scouter should have completed Stage 5 of the Wood Badge Scheme (up to 2016)

OR all strands of the 'This is Scouting' component, the 'Youth Led Programme' strand of the 'The Scouter in Action' component, the 'Adventure Planning' module of the 'Learning for your Team' strand AND the 'International Scouting' module of the 'Learning for your Team' strand (from 2016). Any additional/specific skills related to the nature and activity of the camp, e.g. water safety, must be identified in plenty of time to allow training to be undertaken, completed and verified, where required, before the departure date. Similar consideration should be given to any training requirements for the Youth Member.

At least one Scouter partaking on the activity must hold an appropriate First Aid Certificate (i.e. REC/Wilderness First Aid). In the absence of this, verification that a suitably qualified First Aider is available at the location of the activity must be provided in advance.

1.3 Shared Scouting Experience

By its nature this activity is a Shared Scouting Experience and is the only circumstances where Beaver Scouts may travel outside the island of Ireland.

SID 71/11A Page **5** of **10**

2.1 Cub Scouts

2.2 Scouter Training Requirements

All Scouters must have completed Stage 1 and Stage 2 of the Wood Badge Scheme (up to 2016) OR the 'Being a Scouter' strand of the 'This is Scouting' component (from 2016).

At least one Scouter should have completed Stage 5 of the Wood Badge Scheme (up to 2016)

OR all strands of the 'This is Scouting' component, the 'Youth Led Programme' strand of the 'The Scouter in Action' component, the 'Adventure Planning' module of the 'Learning for your Team' strand AND the 'International Scouting' module of the 'Learning for your Team' strand (from 2016).

Any additional/specific skills related to the nature and activity of the camp, e.g. water safety, must be identified in plenty of time to allow training to be undertaken, completed and verified, where required, before the departure date. Similar consideration should be given to any training requirements for the Youth Member.

At least one Scouter partaking on the activity must hold an appropriate First Aid Certificate (i.e. REC/Wilderness First Aid). In the absence of this, verification that a suitably qualified First Aider is available at the location of the activity must be provided in advance.

2.3 Shared Scouting Experience must be included and should be one or more of the following:

- An activity which lasts several hours
- Involves another group
- An introduction to another group/culture and/or
- A simple act of service. This might include, **for example**, the Cubs Scouts getting involved in identifying recyclable items, sorting these into appropriate categories (glass, paper, plastic) and bringing these to appropriate recycling centres/drop-off points. Hosting a campfire at their location and inviting other Cub Scout packs to join in could be another.

3.1 Scouts

3.2 Scouter Training Requirements

All Scouters must have completed Stage 1 and Stage 2 of the Wood Badge Scheme (up to 2016) OR the 'Being a Scouter' strand of the 'This is Scouting' component (from 2016).

At least one Scouter should have completed Stage 5 of the Wood Badge Scheme (up to 2016)

OR all strands of the 'This is Scouting' component, the 'Youth Led Programme' strand of the 'The Scouter in Action' component, the 'Adventure Planning' module of the 'Learning for your Team' strand AND the 'International Scouting' module of the 'Learning for your Team' strand (from 2016). Any additional/specific skills related to the nature and activity of the camp, e.g. water safety, must be identified in plenty of time to allow training to be undertaken, completed, certified and verified, where required, before the departure date. Similar consideration should be given to any training requirements for the Youth Member.

At least one Scouter partaking on an activity must hold an appropriate First Aid Certificate (i.e. REC/Wilderness First Aid) OR at least one Youth Member (Scouts) must hold the Level 6 Emergencies Adventure Skills Badge. In the absence of either, verification that a suitably qualified First Aider is available at the location of the activity must be provided in advance.

3.3 Shared Scouting Experience must be included and should be one or more of the following:

- An activity which lasts several hours
- Involves working with another group
- A significant interaction with another culture and/or
- An act of service for the community or local environment. This might include the Scout(s) helping repairs on site or assisting the site warden/caretaker in another suitable task appropriate to their age range. Hosting a campfire at their location and inviting other Scout Troops to join in could be another.

4.1 Venture Scouts

4.2 Scouter Training Requirements

All Scouters must have completed Stage 1 and Stage 2 of the Wood Badge Scheme (up to 2016) OR the 'Being a Scouter' strand of the 'This is Scouting' component (from 2016).

At least one Scouter should have completed Stage 5 of the Wood Badge Scheme (up to 2016)

OR all strands of the 'This is Scouting' component, the 'Youth Led Programme' strand of the 'The Scouter in Action' component, the 'Adventure Planning' module of the 'Learning for your Team' strand AND the 'International Scouting' module of the 'Learning for your Team' strand (from 2016). Any additional/specific skills related to the nature and activity of the camp, e.g. water safety, must be identified in plenty of time to allow training to be undertaken, completed, certified and verified, where required, before the departure date. Similar consideration should be given to any training requirements for the Youth Member.

At least one Scouter partaking on an activity must hold an appropriate First Aid Certificate (i.e. REC/Wilderness First Aid) OR at least one Youth Member (Venture Scouts) must hold the Level 6 Emergencies Adventure Skills Badge. In the absence of either, verification that a suitably qualified First Aider is available at the location of the activity must be provided in advance.

4.3 In the case of Service/Partnership Projects it is required that at least one Scouter who is a full Woodbadge holder will be involved for the duration of the service project.

All participants in an International Service/Partnership Project, both Youth Members and Scouters, should have reasonable access to specific training/skills acquisition as required for the planned activity. Where required additional insurance cover for activities on Service/Partnership Projects must be reviewed and included.

4.4 Shared Scouting Experience must be included and should be one or more of the following:

- A day activity
- A partnership with another group
- A real engagement with another culture and/or
- A Service Project for the community or local environment. This may include developing or refurbishing a community facility such as a playground or an environmental project appropriate to their age range and as determined by local need.

5.1 Rover Scouts

5.2 Scouter Training Requirements

All Scouters must have completed Stage 1 and Stage 2 of the Wood Badge Scheme (up to 2016) OR the 'Being a Scouter' strand of the 'This is Scouting' component (from 2016).

At least one Scouter should have completed Stage 5 of the Wood Badge Scheme (up to 2016)

OR all strands of the 'This is Scouting' component, the 'Youth Led Programme' strand of the 'The Scouter in Action' component, the 'Adventure Planning' module of the 'Learning for your Team' strand AND the 'International Scouting' module of the 'Learning for your Team' strand (from 2016).

Any additional/specific skills related to the nature and activity of the camp, e.g. water safety, must be identified in plenty of time to allow training to be undertaken, completed, certified and verified, where required, before the departure date.

At least one Scouter partaking on an activity must hold an appropriate First Aid Certificate (i.e. REC/Wilderness First Aid) OR at least one Youth Member (Rover Scouts) must hold the Level 6 Emergencies Adventure Skills Badge. In the absence of either, verification that a suitably qualified First Aider is available at the location of the activity must be provided in advance.

5.3 In the case of Service/Partnership Projects it is required that at least one Scouter who is a full Wood Badge holder will be involved for the duration of the service project.

All participants in an International Service/Partnership Project, both Youth Members and Scouters, should have reasonable access to specific training/skills acquisition as required for the planned activity. Where required additional insurance cover for activities on Service/Partnership Projects must be reviewed and included.

5.4 Shared Scouting Experience must be included and should be one or more of the following:

- A two day activity
- A partnership with another group
- A real engagement with another culture and/or
- A Service Project for the community or local environment.

Examples: Project relating to social justice and/or environmental issues, such as the running of a youth leadership training course for local Scout or community groups or the clean-up of an area.

For a large scale project there should be at least a 12 to 18 month lead in time to include planning, training, fundraising and whatever other preparation is needed for the project at hand.

7.1 Timeline for the Submission of Forms for Youth Programme Abroad Activities

In all instances the forms with the entire backup as detailed in this Guideline and the Guidelines relating to Camping and Adventures in the Out of Doors (SID-YP05 refers) must be presented to the Group Leader for initial authorisation and a copy forwarded to the County Programme Co-ordinator.

These include all the additional elements covered in from SIF 26-11, namely:

- o Programme
- o Menu
- o Budget
- o Proof of Travel Insurance

Please see minimum applicable timeframes below for the submission of SIF 26-11 forms for approval:

Camp Type	Group Leader	County Programme Co- ordinator	National Office
	No less than	No less than	No less than
United Kingdom	42 days (6 wks)	35 days (5 wks)	28 days (4 wks)
Europe	56 days (8 wks)	49 days (7 wks)	42 days (6 wks)
Outside of Europe	84 days (12 wks)	77 days (11 wks)	70 days (10 wks)
All Service/Partnership			
Projects [Venture Scouts and Rover Scouts]	252 days (38 wks)	245 days (37 wks)	238 days (36 wks)
